OPTIONAL REDEMPTION PROVISIONS:

There are no optional redemption provisions applicable to the Floating Rate Notes.

Walmart may redeem the Fixed Rate Notes of any series, at its option and, as to each series of Fixed Rate Notes, in whole or in part, at any time and from time to time, prior to the maturity date, in the case of the 2027 Notes, and the applicable Par Call Date, in the case of the 2030 Notes and the 2035 Notes, at a redemption price (expressed as a percentage of principal amount and rounded to three decimal places) equal to the greater of:

- (a) the sum of the present values of the Remaining Scheduled Payments (as defined below) less (b) interest accrued to, but excluding, the redemption date, and
- 100% of the principal amount of the Fixed Rate Notes to be redeemed,

plus, in either case, any accrued and unpaid interest thereon to, but excluding, the redemption date.

On or after the applicable Par Call Date, in the case of the 2030 Notes and the 2035 Notes, Walmart may redeem such series of the Fixed Rate Notes, in whole or in part, at any time and from time to time, at a redemption price equal to 100% of the principal amount of such series of Fixed Rate Notes to be redeemed, plus any accrued and unpaid interest on such series of Fixed Rate Note to be redeemed to, but excluding, the redemption date.

“Par Call Date” means, in the case of the 2030 Notes, March 28, 2030 (the date that is 1 month prior to the maturity date of such Fixed Rate Notes), and, in the case of the 2035 Notes, January 28, 2035 (the date that is 3 months prior to the maturity date of such Fixed Rate Notes).

“Remaining Scheduled Payments” means, with respect to any series of Fixed Rate Notes, the remaining scheduled payments of the principal thereof to be redeemed and interest thereon that would be due after the related redemption date but for such redemption (assuming that such notes matured on the maturity date, in the case of the 2027 Notes, and the applicable Par Call Date, in the case of the 2030 Notes and the 2035 Notes).

In determining the present value of the Remaining Scheduled Payments, Walmart will discount such payments to the redemption date (assuming that such notes matured on the maturity date, in the case of the 2027 Notes, and the applicable Par Call Date in the case of the 2030 Notes and the 2035 Notes) on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) using a discount rate equal to the Treasury Rate plus, in the case of the 2027 Notes, 5 basis points, in the case of the 2030 Notes, 10 basis points and, in the case of the 2035 Notes, 10 basis points.

“Treasury Rate” means, with respect to any redemption date, the yield determined by the Company in accordance with the following two paragraphs.

The Treasury Rate shall be determined by the Company after 4:15 p.m., New York City time (or after such time as yields on U.S. government securities are posted daily by the Board of Governors of the Federal Reserve System), on the third business day preceding the notice of the redemption based upon the yield or yields for the most recent day that appear after such time on such day in the most recent statistical release published by the Board of Governors of the Federal Reserve System designated as “Selected Interest Rates (Daily)—H.15” (or any successor designation or publication) (“H.15”) under the caption “U.S. government securities—Treasury constant maturities—Nominal” (or any successor caption or heading) (“H.15 TCM”). In determining the Treasury Rate, the Company shall select, as applicable: (1) the yield for the Treasury constant maturity on H.15 exactly equal to the period from the redemption date to the maturity date, in the case of the 2027 Notes, and the applicable Par Call Date in the case of the 2030 Notes and the 2035 Notes (the “Remaining Life”); or (2) if there is no such Treasury constant maturity on H.15 exactly equal to the Remaining Life, the two yields – one yield corresponding to the Treasury constant maturity on H.15 immediately shorter than and one yield corresponding to the Treasury constant maturity on H.15 immediately longer than the Remaining Life – and shall interpolate to the maturity date, in the case of the 2027 Notes, and the applicable Par Call Date, in the case of the 2030 Notes and the 2035 Notes, on a straight-line basis (using the actual number of days) using such yields and rounding the result to three decimal places; or (3) if there is no such Treasury constant maturity on H.15 shorter than or longer than the Remaining Life, the yield for the single Treasury constant maturity on H.15 closest to the Remaining Life. For purposes of this paragraph, the applicable Treasury constant maturity or maturities on H.15 shall be deemed to have a maturity date equal to the relevant number of months or years, as applicable, of such Treasury constant maturity from the redemption date.

If on the third business day preceding the notice of the redemption, H.15 TCM or any successor designation or publication is no longer published, the Company shall calculate the Treasury Rate based on the rate per annum equal to the semi-annual equivalent yield to maturity at 11:00 a.m., New York City time, on the second business day preceding such notice of the redemption of the United States Treasury security maturing on, or with a maturity that is closest to, the maturity date, in the case of the 2027 Notes, and the applicable Par Call Date, in the case of the 2030 Notes and the 2035 Notes. If there is no United States

Treasury security maturing on the maturity date, in the case of the 2027 Notes, or the applicable Par Call Date, in the case of the 2030 Notes and the 2035 Notes, but there are two or more United States Treasury securities with a maturity date equally distant from the maturity date, in the case of the 2027 Notes, and the applicable Par Call Date, in the case of the 2030 Notes and the 2035 Notes, one with a maturity date preceding the maturity date, in the case of the 2027 Notes, and the applicable Par Call Date, in the case of the 2030 Notes and the 2035 Notes, and one with a maturity date following the maturity date, in the case of the 2027 Notes, and the applicable Par Call Date, in the case of the 2030 Notes and the 2035 Notes, the Company shall select the United States Treasury security with a maturity date preceding the maturity date, in the case of the 2027 Notes, and the applicable Par Call Date, in the case of the 2030 Notes and the 2035 Notes. If there are two or more United States Treasury securities maturing on the maturity date, in the case of the 2027 Notes, and the applicable Par Call Date, in the case of the 2030 Notes and the 2035 Notes, or two or more United States Treasury securities meeting the criteria of the preceding sentence, the Company shall select from among these two or more United States Treasury securities the United States Treasury security that is trading closest to par based upon the average of the bid and asked prices for such United States Treasury securities at 11:00 a.m., New York City time. In determining the Treasury Rate in accordance with the terms of this paragraph, the semi-annual yield to maturity of the applicable United States Treasury security shall be based upon the average of the bid and asked prices (expressed as a percentage of principal amount) at 11:00 a.m., New York City time, of such United States Treasury security, and rounded to three decimal places.

A notice of any redemption will be mailed or electronically delivered (or otherwise transmitted in accordance with the depository's procedures) to each registered holder of the Fixed Rate Notes being redeemed at least 10 days but not more than 60 days before the redemption date.

In the case of a partial redemption, selection of any Fixed Rate Note for redemption, in the case of global securities representing such series of Fixed Rate Notes, be made in accordance with the policies and procedures of DTC (or another depository), and in the case of such certificated notes, will be made by lot. No Fixed Rate Note of a principal amount of \$2,000 or less will be redeemed in part. If any Fixed Rate Note is to be redeemed in part only, the notice of redemption that relates to such Fixed Rate Note will state the portion of the principal amount of such Note to be redeemed. A new Fixed Rate Note in a principal amount equal to the unredeemed portion of such Fixed Rate Note will be issued in the name of the holder of such Fixed Rate Note upon surrender for cancellation of the original Note. For so long as the Fixed Rate Notes are held by The Depository Trust Company (or another depository), the redemption of any Fixed Rate Notes shall be done in accordance with the policies and procedures of the depository.

Unless the Company defaults in payment of the redemption price, on and after the redemption date interest will cease to accrue on any Fixed Rate Note or portions thereof called for redemption.

The Company's actions and determinations in determining the redemption price shall be conclusive and binding for all purposes, absent manifest error.

The Pricing Agreement shall be in the form of an executed writing (which may be in counterparts), and may be evidenced by an exchange of telegraphic communications or any other rapid transmission device designed to produce a written record of communications transmitted. The obligations of the Underwriters under this Agreement and the Pricing Agreement shall be several and not joint.

Designated Securities, *provided* that in connection therewith the Company shall not be required to qualify as a foreign corporation or to file a general consent to service of process in any jurisdiction (it being recognized that, solely for purposes of this Section 5(b), the Company shall not be required by the Representatives, without its consent, to subject itself to any securities laws or regulations of the European Union, or of any foreign country, to which the Company was not subject immediately prior to the offering and sale of such Designated Securities);

(c) To furnish the Underwriters with copies of the Prospectus in such quantities as the Representatives may from time to time reasonably request, and, if the delivery of a prospectus (or in lieu thereof, the notice referred to in Rule 173(a) under the Securities Act) is required at any time in connection with the offering or sale of the Designated Securities and if at such time any event shall have occurred as a result of which the Prospectus as then amended or supplemented would include an untrue statement of a material fact or omit to state any material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made when such Prospectus (or in lieu thereof, the notice referred to in Rule 173(a) under the Securities Act) is delivered, not misleading, or, if for any other reason it shall be necessary during such same period to amend or supplement the Prospectus or to file under the Exchange Act any document incorporated by reference in the Prospectus in order to comply with the Securities Act, the Exchange Act or the Trust Indenture Act, to notify the Representatives and, upon their request, to file such document and to prepare and furnish without charge to each Underwriter and to any dealer in securities as many copies as the Representatives may from time to time reasonably request of an amended Prospectus or a supplement to the Prospectus that will correct such statement or omission or effect such compliance;

(d) To make generally available to its security holders as soon as practicable, but in any event not later than eighteen months after the effective date of the Registration Statement (as defined in Rule 158(c) under the Securities Act), an earnings statement of the Company and its Subsidiaries (which need not be audited) complying with Section 11(a) of the Securities Act and the rules and regulations of the Commission thereunder (including, at the option of the Company, Rule 158 under the Securities Act);

(e) During the period beginning from the date of the Pricing Agreement and continuing to and including the Time of Delivery for the Designated Securities, not to offer, sell, contract to sell or otherwise dispose of any debt securities of the Company that mature more than one year after such Time of Delivery and that are substantially similar to such Designated Securities, without the prior written consent of the Representatives;

(f) To furnish to the holders of the Designated Securities, upon such holders' request, as soon as practicable after the end of each fiscal year, an annual report (including a balance sheet and statements of income, shareholders' equity and cash flows of the Company and its consolidated Subsidiaries certified by an independent registered public accounting firm) and, as soon as practicable after the end of each of the first three quarters of each fiscal year (beginning with the fiscal quarter ending after the effective date of the Registration Statement), consolidated summary financial information of the Company and its Subsidiaries for such quarter in reasonable detail;

(g) During a period of five years from the effective date of the Registration Statement, to furnish to the Representatives copies of all periodic or current reports or other communications (financial or other) of the Company furnished to its shareholders, and deliver to the Representatives (i) as soon as they are available, copies of any periodic or current reports and financial statements furnished to or filed with the Commission or any national securities exchange on which the Designated Securities or any class of securities of the Company is listed (*provided, however*, that the Company shall be deemed to have furnished and delivered such documents if and when such documents are available through the Commission's EDGAR System on the Commission's website); and (ii) such additional information concerning the business and financial condition of the Company as the Representatives may from time to time reasonably request (such financial information and statements to be on a consolidated basis in reports furnished to its shareholders generally or to the Commission);

(h) To pay the required Commission registration fees relating to the Designated Securities within the time period required by Rule 456(b)(1) under the Securities Act without regard to the proviso therein and otherwise in accordance with Rules 456(b) and 457(r) under the Securities Act;

(i) If required by Rule 430B(h) under the Securities Act, to prepare a prospectus in a form approved by the Representatives and to file such prospectus pursuant to Rule 424(b) under the Securities Act not later than is required by such Rule; and to make no further amendment or supplement to such prospectus that shall be disapproved by the Representatives promptly after reasonable notice thereof; and

(j) To use the net proceeds received by it from the sale of the Designated Securities pursuant to this Agreement and the Pricing Agreement in the manner specified in the Prospectus, including in any supplement thereto, relating to the offer and sale of such Designated Securities.

6. Representations, Warranties and Agreements of the Underwriters. Each Underwriter represents and warrants to, and agrees with, the Company and each other Underwriter that:

(a) Such Underwriter has not made, and will not make (other than as permitted by Section 6(b) hereof), any offer relating to the Designated Securities that would constitute a "free writing prospectus" (as defined in Rule 405 under the Securities Act), without the prior consent of the Company and the Representatives;

(b) Such Underwriter has not used, and will not use, any free writing prospectus that contains the final terms of the Designated Securities unless such terms have previously been included in a free writing prospectus filed with the Commission in accordance with Rule 433 under the Securities Act, without the prior consent of the Company and the Representatives; *provided, however*, that each of the Underwriters may use a term sheet relating to the Designated Securities containing customary information not inconsistent with the Final Term Sheet prepared and filed pursuant to Section 5(a) hereof without the prior consent of the Company or the Representatives; and

(c) Such Underwriter is not subject to any pending proceeding under Section 8A of the Securities Act with respect to the offering of the Designated Securities and will promptly notify the Company if any such proceeding against it with respect to any offering of the Designated Securities is initiated during such period in which, in the opinion of counsel for the Underwriters, a prospectus relating to the Designated Securities is required by law to be delivered (or required to be delivered but for Rule 172 under the Securities Act) in connection with sale of the Designated Securities by any Underwriter or any dealer.

7. Payment of Expenses. The Company covenants and agrees with the several Underwriters that the Company will pay or cause to be paid the following: (i) the fees, disbursements and expenses of the Company's counsel and accountants in connection with the registration of the Securities under the Securities Act and all other expenses in connection with the preparation, printing and filing of the Registration Statement, the Base Prospectus, any Preliminary Prospectus, the Pricing Prospectus, the Prospectus and amendments and supplements thereto, and any Issuer Free Writing Prospectus, and the mailing and delivering of copies thereof to the Underwriters and dealers; (ii) the cost of printing or producing any Agreement among Underwriters, this Agreement, the Pricing Agreement, the Indenture, any "Blue Sky" and Legal Investment Memoranda and any other documents in connection with the offering, purchase, sale and delivery of the Securities; (iii) all expenses in connection with the qualification of the Securities for offering and sale under state securities laws as provided in Section 5(b) hereof (including the fees and disbursements of counsel for the Underwriters in connection with such qualification and in connection with the "Blue Sky" and legal investment surveys); (iv) any fees charged by securities rating services for rating the Securities; (v) the cost of preparing the Securities; (vi) the fees and expenses of any indenture trustee and any agent of any Trustee and the fees and disbursements of counsel for any indenture trustee in connection with the Indenture and the Securities; and (vii) all other costs and expenses incident to the performance of its obligations hereunder that are not otherwise specifically provided for in this Section 7. It is understood, however, that, except as provided in this Section 7, Section 9 and Section 12 hereof, the Underwriters will pay all of their own costs and expenses including the fees of their counsel, transfer taxes on resale of any of the Securities by them and any advertising expenses connected with any offers they may make.

8. Conditions of the Underwriters' Obligations. The obligations of the Underwriters of Designated Securities under the Pricing Agreement shall be subject, in the discretion of the Representatives, to the condition that all representations and warranties and other statements of the Company in or incorporated by reference in the Pricing Agreement are, at and as of the Time of Delivery for such Designated Securities, true and correct, the condition that the Company shall have performed all of its obligations hereunder theretofore to be performed, and the following additional conditions:

(a) The Prospectus shall have been filed with the Commission pursuant to Rule 424(b) under the Securities Act within the applicable time period prescribed for such filing by the rules and regulations under the Securities Act and in accordance with Section 5(a) hereof; the Final Term Sheet contemplated by Section 5(a) hereof, and any other material required to be filed by the Company pursuant to Rule 433(d) under the Securities Act, shall have been filed with the Commission within the applicable time periods prescribed for such filings by Rule 433 under the Securities Act; no stop order suspending the effectiveness of the Registration Statement or any part thereof shall have been issued, no proceeding for that purpose shall have been initiated or threatened by the Commission, and no notice of objection of the Commission to the use of the Registration Statement or any post-effective amendment thereto pursuant to Rule 401(g)(2) under the Securities Act for the registration of the offer and sale of the Designated Securities shall have been received by the Company; and all requests for additional information on the part of the Commission shall have been complied with to the Representatives' reasonable satisfaction;

(b) Simpson Thacher & Bartlett LLP, counsel for the Underwriters, shall have furnished to the Representatives such opinion or opinions addressed to the Underwriters, dated the Time of Delivery for the Designated Securities, with respect to the incorporation of the Company, the validity of the Indenture, the Designated Securities, the Registration Statement, the Pricing Prospectus and the Prospectus and other related matters as the Representatives may reasonably request, and such counsel shall have received such documents and information as they may reasonably request to enable them to pass upon such matters;

(c) Hunton Andrews Kurth LLP, counsel for the Company, shall have furnished to the Representatives their written opinion letter addressed to the Underwriters, dated the Time of Delivery for the Designated Securities, in the form attached as Annex II hereto.

(d) At the Time of Delivery for the Designated Securities, Ernst & Young LLP shall have furnished to the Representatives a "comfort" letter or letters dated such Time of Delivery as to such matters as the Representatives may reasonably request and in form and substance satisfactory to the Representatives;

(e) (i) Neither the Company nor any of its Subsidiaries shall have sustained since the date of the latest audited financial statements included or incorporated by reference in the Pricing Prospectus and the Prospectus any loss or interference with its business from fire, explosion, flood or other calamity, whether or not covered by insurance, or from any labor dispute or court or governmental action, order or decree, otherwise than as set forth in the Pricing Prospectus and the Prospectus, which loss or interference would have a material adverse effect on the general affairs, management, financial position, shareholders' equity, results of operations or internal control over financial reporting of the Company and its Subsidiaries considered as one enterprise and (ii) since the dates as of which information is given in the Pricing Prospectus and the Prospectus, there shall not have been any change in the capital stock or long-term debt of the Company or any of its Subsidiaries or any change, or any development involving a prospective change, in or affecting the general affairs, management, financial position, shareholders' equity, results of operations or internal control over financial reporting of the Company and its Subsidiaries considered as one enterprise, otherwise than as set forth in the Pricing Prospectus and the Prospectus, the effect of which, in any such case described in clause (i) or (ii), is in the judgment of the Representatives so material and adverse as to make it impracticable or inadvisable to proceed with the public offering or the delivery of the Designated Securities on the terms and in the manner contemplated in the Prospectus;

(f) On or after the date of the Pricing Agreement, (i) no downgrading shall have occurred in the rating accorded the Company's debt securities (including, without limitation, any guaranteed debt securities) by any "nationally recognized statistical rating organization," as that term is defined in Section 3(a)(62) of the Securities Exchange Act of 1934, as amended and (ii) no such organization shall have publicly announced that it has under surveillance or review, with possible negative implications, its rating of any of the Company's debt securities;

(g) On or after the date of the Pricing Agreement, there shall not have occurred any of the following: (i) a suspension or material limitation in trading in securities generally on the New York Stock Exchange; (ii) a suspension or material limitation in trading in the Company's securities on the New York Stock Exchange; (iii) a general moratorium on commercial banking activities in New York declared by either U.S. federal or New York State authorities or a material disruption in commercial banking or securities settlement or clearance services in the United States; or (iv) the outbreak or escalation of hostilities involving the United States or the declaration by the United States of a national emergency or war if the effect of any such event specified in this clause (iv), in the judgment of the Representatives, makes it impracticable or inadvisable to proceed with the public offering or the delivery of the Designated Securities on the terms and in the manner contemplated in the Prospectus; and

(h) The Company shall have furnished or caused to be furnished to the Representatives at the Time of Delivery for the Designated Securities a certificate or certificates of officers of the Company satisfactory to the Representatives as to the accuracy of the representations and warranties of the Company herein at and as of such Time of Delivery, as to the performance by the Company of all of its obligations hereunder to be performed at, or prior to, such Time of Delivery, as to the matters set forth in Sections 8(a) and 8(e) and as to such other matters as the Representatives may reasonably request.

9. Indemnification and Contribution. (a) The Company will indemnify and hold harmless each Underwriter against any losses, claims, damages or liabilities, joint or several, to which such Underwriter may become subject, under the Securities Act or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon an untrue statement or alleged untrue statement, of a material fact contained in the Registration Statement, the Base Prospectus, any Preliminary Prospectus, the Pricing Prospectus or the Prospectus, any amendment or supplement to any thereof, or any Issuer Free Writing Prospectus, any "issuer information" filed or required to be filed pursuant to Rule 433(d) under the Securities Act, or any "road show" (as defined in Rule 433 under the Securities Act) that does not otherwise constitute an Issuer Free Writing Prospectus, or arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, and will reimburse each Underwriter for any legal or other expenses reasonably incurred by such Underwriter in connection with

investigating or defending any such action or claim as such expenses are incurred; *provided, however*; that the Company shall not be liable in any such case to the extent that any such loss, claim, damage or liability arises out of or is based upon an untrue statement or alleged untrue statement or omission or alleged omission made in the Registration Statement, the Base Prospectus, any Preliminary Prospectus, the Pricing Prospectus or the Prospectus, any amendment or supplement to any thereof, or any Issuer Free Writing Prospectus, in reliance upon and in conformity with information furnished in writing to the Company by an Underwriter of any Designated Securities through the Representatives expressly for use in any thereof.

(b) Each Underwriter will, severally and not jointly, indemnify and hold harmless the Company against any losses, claims, damages or liabilities to which the Company may become subject, under the Securities Act or otherwise insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in the Registration Statement, the Base Prospectus, any Preliminary Prospectus, the Pricing Prospectus or the Prospectus, any amendment or supplement to any thereof, or any Issuer Free Writing Prospectus, arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, in each case to the extent, but only to the extent, that such untrue statement or alleged untrue statement or omission or alleged omission was made in the Registration Statement, the Base Prospectus, any Preliminary Prospectus, the Pricing Prospectus or the Prospectus, any amendment or supplement to any thereof, or any Issuer Free Writing Prospectus, in reliance upon and in conformity with information furnished in writing to the Company by such Underwriter of Designated Securities through the Representatives expressly for use therein, and will reimburse the Company for any legal or other expenses reasonably incurred by the Company in connection with investigating or defending any such action or claim as such expenses are incurred.

(c) Promptly after receipt by an indemnified party under Section 9(a) or Section 9(b) of notice of the commencement of any action, such indemnified party shall, if a claim in respect thereof is to be made against the indemnifying party under such Section 9(a) or 9(b), notify the indemnifying party in writing of the commencement thereof; but the omission so to notify the indemnifying party shall not relieve it from any liability that it may have to any indemnified party otherwise than under such Section 9(a) or 9(b). In case any such action shall be brought against any indemnified party and it shall notify the indemnifying party of the commencement thereof, the indemnifying party shall be entitled to participate therein and, to the extent that it shall wish, jointly with any other indemnifying party similarly notified, to assume the defense thereof, with counsel satisfactory to such indemnified party (who shall not, except with the consent of the indemnified party, be counsel to the indemnifying party), and, after notice from the indemnifying party to such indemnified party of its election so to assume the defense thereof, the indemnifying party shall not be liable to such indemnified party under Section 9(a) or 9(b), as the case may be, for any legal expenses of other counsel or any other expenses, in each case subsequently incurred by such indemnified party, in connection with the defense thereof other than reasonable costs of investigation.

(d) If the indemnification provided for in this Section 9 is unavailable to or insufficient to hold harmless an indemnified party under Section 9(a) or Section 9(b) in respect of any losses, claims, damages or liabilities (or actions in respect thereof) referred to therein, then each indemnifying party shall contribute to the amount paid or payable by such indemnified party as a result of such losses, claims, damages or liabilities (or actions in respect thereof) in such proportion as is appropriate to reflect the relative benefits received by the Company on the one hand and the Underwriters of the Designated Securities on the other from the offering of the Designated Securities to which such loss, claim, damage or liability (or action in respect thereof) relates. If, however, the allocation provided by the immediately preceding sentence is not permitted by applicable law or if the indemnified party failed to give the notice required under Section 9(c), then each indemnifying party shall contribute to such amount paid or payable by such indemnified party in such proportion as is appropriate to reflect not only such relative benefits but also the relative fault of the Company on the one hand and the Underwriters of the Designated Securities on the other in connection with the statement or omissions that resulted in such losses, claims, damages or liabilities (or actions in respect thereof), as well as any other relevant equitable considerations. The relative benefits received by the Company on the one hand and such Underwriters on the other shall be deemed to be in the same proportion as the total net proceeds from the offering of the Designated Securities (before deducting expenses) received by the Company bear to the total underwriting discounts and commissions received by such Underwriters. The relative fault shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the Company on the one hand or such Underwriters on the other and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission. The Company and the Underwriters agree that it would not be just and equitable if contribution pursuant to this Section 9(d) were determined by pro rata allocation (even if the Underwriters were treated as one entity for such purpose) or by any other method of allocation that does not take account of the equitable considerations referred to above in this Section 9(d). The amount paid or payable by an indemnified party as a result of the losses, claims, damages or liabilities (or actions in respect thereof) referred to above in this Section 9(d) shall be deemed to include any legal or other expenses reasonably incurred by such indemnified party in connection with investigating or defending any such action or claim. Notwithstanding the provisions of this Section 9(d), no Underwriter shall be required to contribute any amount in excess of the amount by which the total price at which the applicable Designated Securities underwritten by it and distributed to the public were offered to the public exceeds the amount of any damages that such Underwriter has otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation. The obligations of the Underwriters of Designated Securities in this Section 9(d) to contribute are several in proportion to their respective underwriting obligations with respect to such Designated Securities and are not joint.

(e) The obligations of the Company under this Section 9 shall be in addition to any liability that the Company may otherwise have and shall extend, upon the same terms and conditions, to each person, if any, who controls any Underwriter within the meaning of the Securities Act; and the obligations of the Underwriters under this Section 9 shall be in addition to any liability that the respective Underwriters may otherwise have and shall extend, upon the same terms and conditions, to each director and officer of the Company and to each person, if any, who controls the Company within the meaning of the Securities Act.

10. Defaulting Underwriters. (a) If any Underwriter shall default in its obligation to purchase the Designated Securities that it has agreed to purchase under the Pricing Agreement, the Representatives may in their discretion arrange for themselves or another party or other parties to purchase such Designated Securities on the terms contained herein and therein. In the event that, within thirty-six hours after such default by any Underwriter, the Representatives do not arrange for the purchase of such Designated Securities, then the Company shall be entitled to a further period of thirty-six hours within which to procure another party or other parties satisfactory to the Representatives to purchase such Designated Securities on such terms. In the event that, within the respective prescribed period, the Representatives notify the Company that they have so arranged for the purchase of such Designated Securities, or the Company notifies the Representatives that it has so arranged for the purchase of such Designated Securities, the Representatives or the Company shall have the right to postpone the Time of Delivery for such Designated Securities for a period of not more than seven days, in order to effect whatever changes may thereby be made necessary in the Registration Statement or the Prospectus as amended or supplemented, or in any other documents or arrangements, and the Company agrees to file promptly any amendments or supplements to the Registration Statement or the Prospectus that in the opinion of the Representatives may thereby be made necessary. The term "Underwriter" as used in this Agreement shall include any person substituted under this Section 10 with like effect as if such person had originally been a party to the Pricing Agreement.

(b) If, after giving effect to any arrangements for the purchase of the Designated Securities of a defaulting Underwriter or Underwriters by the Representatives and the Company as provided in Section 10(a), the aggregate principal amount of such Designated Securities that remains unpurchased does not exceed one-eleventh of the aggregate principal amount of the Designated Securities, then the Company shall have the right to require each non-defaulting Underwriter to purchase the principal amount of Designated Securities that such Underwriter agreed to purchase under the Pricing Agreement and, in addition, to require each non-defaulting Underwriter to purchase its pro rata share (based on the principal amount of Designated Securities that such Underwriter agreed to purchase under the Pricing Agreement) of the Designated Securities of such defaulting Underwriter or Underwriters for which such arrangements have not been made; but nothing herein shall relieve a defaulting Underwriter from liability for its default.

(c) If, after giving effect to any arrangements for the purchase of the Designated Securities of a defaulting Underwriter or Underwriters by the Representatives and the Company as provided in Section 10(a), the aggregate principal amount of Designated Securities that remains unpurchased exceeds one-eleventh of the aggregate principal amount of the Designated Securities, as referred to in Section 10(b), or if the Company shall not exercise the right described in Section 10(b) to require non-defaulting Underwriters to purchase Designated Securities of a defaulting Underwriter or Underwriters, then the Pricing Agreement shall thereupon terminate, without liability on the part of any non-defaulting Underwriter or the Company, except for the expenses to be borne by the Company and the Underwriters as provided in Section 6 hereof and the indemnity and contribution agreements in Section 9 hereof; but nothing herein shall relieve a defaulting Underwriter from liability for its default.

11. Survival. The respective indemnities, agreements, representations, warranties and other statements of the Company and the several Underwriters, as set forth in this Agreement or made by or on behalf of them pursuant to this Agreement, shall remain in full force and effect, regardless of any investigation (or any statement as to the results thereof) made by or on behalf of any Underwriter or any controlling person of any Underwriter, or the Company or any director or officer or controlling person of the Company, and shall survive delivery of and payment for the Designated Securities with respect to which such indemnities, agreements, representations, warranties and other statements are made or given.

12. Termination. If the Pricing Agreement shall be terminated pursuant to Section 10 hereof, the Company shall not then be under any liability to any Underwriter with respect to the Designated Securities covered by the Pricing Agreement except as provided in Section 7 and Section 9 hereof; but, if for any other reason the Designated Securities are not delivered by or on behalf of the Company as provided herein, the Company will reimburse the Underwriters through the Representatives for all out-of-pocket expenses approved in writing by the Representatives, including fees and disbursements of counsel, reasonably incurred by the Underwriters in making preparations for the purchase, sale and delivery of such Designated Securities, but the Company shall then be under no further liability to any Underwriter with respect to such Designated Securities except as provided in Section 7 and Section 9 hereof.

13. Authority of Representatives. In all dealings hereunder, the Representatives of the Underwriters of the Designated Securities shall act on behalf of each of such Underwriters, and the parties hereto shall be entitled to act and rely upon any statement, request, notice or agreement on behalf of any Underwriter made or given by such Representatives jointly or by such of the Representatives, if any, as may be designated for such purpose in the Pricing Agreement.

14. Nature of Underwriters' Obligations. The Company acknowledges and agrees that (i) the purchase and sale of the Designated Securities pursuant to this Agreement and the Pricing Agreement is an arm's-length commercial transaction between the Company, on the one hand, and the several Underwriters, on the other, (ii) in connection therewith and with the process leading to such transaction each Underwriter is acting solely as a principal and not the agent or fiduciary of the Company, (iii) no Underwriter has assumed an advisory or fiduciary responsibility in favor of the Company with respect to the offering contemplated hereby or the process leading thereto (irrespective of whether such Underwriter has advised or is currently advising the Company on other matters) or any other obligation to the Company except the obligations expressly set forth in this Agreement and the Pricing Agreement and (iv) the Company has consulted its own legal and financial advisors to the extent it has deemed appropriate. The Company agrees that it shall not claim that the Underwriters, or any of them, have rendered advisory services of any nature or respect, or owes a fiduciary or similar duty to the Company, in connection with the offering of the Designated Securities contemplated hereby or the process leading thereto.

15. Notices. All statements, requests, notices and agreements hereunder shall be in writing, and if to the Company, shall be delivered or sent by mail, air courier or facsimile transmission (which shall be effective upon confirmation by telephone) to the address of the Company set forth in the Registration Statement, Attention: Chief Executive Officer, with a copy to the General Counsel of the Company; and, if to the Underwriters, shall be delivered or sent by mail, air courier or facsimile transmission (which shall be effective upon confirmation by telephone) to the address or addresses of the Representative or Representatives, as the case may be, as set forth in the Pricing Agreement; *provided, however*, that any notice to an Underwriter pursuant to Section 9(c) hereof shall be delivered or sent by mail, air courier, telex or facsimile transmission (which shall be effective upon confirmation by telephone) to such Underwriter at its address which, if not set forth in the Pricing Agreement, will be supplied to the Company by the Representatives upon request. Any such statements, requests, notices or agreements shall take effect upon the addressee's receipt thereof.

16. Persons Entitled to the Benefit of Agreement. This Agreement and the Pricing Agreement shall be binding upon, and inure solely to the benefit of, the Underwriters, the Company and, to the extent provided in Section 9 and Section 11 hereof, the directors and officers of the Company and each person who controls the Company or any Underwriter, and their respective successors and assigns (including, in the case of natural persons, their respective heirs, executors and administrators), and no other person shall acquire or have any right under or by virtue of this Agreement or the Pricing Agreement. No purchaser of any of the Securities from any Underwriter shall be deemed a successor or assign by reason merely of such purchase.

17. Time of Essence. Time shall be of the essence of the Pricing Agreement. As used herein, "business day" shall mean any day when the Commission's office in Washington, D.C. is open for business.

18. Definitive Agreement. This Agreement and the Pricing Agreement supersede all prior agreements and understandings (whether written or oral) between the Company and the Underwriters, or any of them, with respect to the subject matter hereof and thereof.

19. GOVERNING LAW. THIS AGREEMENT AND THE PRICING AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK.

20. WAIVER OF JURY TRIAL. THE COMPANY AND EACH OF THE UNDERWRITERS HEREBY IRREVOCABLY WAIVE, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE PRICING AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY.

21. Counterparts. This Agreement and the Pricing Agreement may be executed by any one or more of the parties hereto and thereto in any number of counterparts, each of which shall be deemed to be an original, but all such respective counterparts shall together constitute one and the same instrument.

If the foregoing is in accordance with your understanding, please sign and return to us counterparts hereof.

Very truly yours,

**Series Terms Certificate
Pursuant to the Indenture
Relating to Floating Rate Notes Due 2027**

April 23, 2025

Pursuant to Section 3.01 of the Indenture, dated as of July 19, 2005, as amended and supplemented by the First Supplemental Indenture, dated as of December 1, 2006, the Second Supplemental Indenture, dated as of December 19, 2014, and the Third Supplemental Indenture, dated as of June 26, 2018 (as so amended and supplemented, the “Indenture”), in each case, by and between Walmart Inc., a Delaware corporation (the “Company”), and The Bank of New York Mellon Trust Company, N.A., as successor trustee (the “Trustee”), Matthew Allen, Vice President, Finance & Assistant Treasurer of the Company (the “Certifying Authorized Officer”), hereby certifies as follows, and Gordon Y. Allison, Senior Vice President, Office of the Corporate Secretary, Chief Counsel for Finance and Corporate Governance and Assistant Secretary of the Company, attests to the following certification. Any capitalized term used herein shall have the definition ascribed to that term as set forth in the Indenture unless otherwise defined herein.

A. This certificate is a Series Terms Certificate contemplated by Section 3.01 of the Indenture and is being executed to evidence the establishment and approval of the terms and conditions of a Series that was established pursuant to Section 3.01 of the Indenture by means of a Unanimous Written Consent of the Executive Committee of the Board of Directors of the Company, effective as of April 22, 2025 (the “FY 2026 Series Consent”), which Series is designated as the “Floating Rate Notes Due 2027” (the “2027 FRN Series”) by the Certifying Authorized Officer pursuant to the grant of authority under the terms of the FY 2026 Series Consent.

B Each of the undersigned has read the Indenture, including the provisions of Sections 1.02 and 3.01 and the definitions relating thereto, and the resolutions adopted in the FY 2026 Series Consent. In the opinion of the undersigned, the undersigned have made such examination or investigation as is necessary to enable the undersigned to express an informed opinion as to whether or not all conditions precedent provided for in the Indenture relating to the creation, establishment and approval of the title, the form and the terms of a Series under the Indenture, and to the authentication and delivery by the Trustee of promissory notes of a Series, have been complied with. In the opinion of the undersigned, (i) all such conditions precedent have been complied with and (ii) there are no Events of Default, or events which, with the passage of time, would become an Event of Default under the Indenture that have occurred and are continuing at the date of this certificate.

C. Pursuant to the FY 2026 Series Consent, the Company is authorized to issue initially promissory notes of the 2027 FRN Series and the other promissory notes of the other series of notes established by the FY 2026 Series Consent, in one or more underwritten public offerings, from time to time during its fiscal year ending January 31, 2026, having an aggregate principal amount in United States dollars not to exceed \$9,000,000,000. A copy of the FY 2026 Series Consent is attached hereto as Annex A. Any

promissory notes that the Company issues that are a part of the 2027 FRN Series (the “2027 FR Notes”) shall be issued in registered book-entry form, shall be substantially in the form attached hereto as Annex B (the “Form of 2027 FR Note”) and shall initially be represented by a global security. Acting pursuant to authority delegated to the Certifying Authorized Officer pursuant to the FY 2026 Series Consent, the Certifying Authorized Officer has approved and set the aggregate principal amount of the 2027 FR Notes initially to be issued (the “Initial 2027 FR Notes”) to be \$750,000,000.

D. Pursuant to Section 3.01 of the Indenture, the terms and conditions of the 2027 FRN Series and the 2027 FR Notes are established and approved to be the following:

1. Designation:

The Series established by the FY 2026 Series Consent is designated as the “Floating Rate Notes Due 2027”.

2. Aggregate Principal Amount:

The 2027 FRN Series is not limited as to the aggregate principal amount of all the promissory notes of the 2027 FRN Series that the Company may issue; *provided, however*, that any additional promissory notes of the 2027 FRN Series that are not fungible with any then outstanding 2027 FR Notes for United States federal income tax purposes will be issued under CUSIP and ISIN numbers separate from the CUSIP and ISIN numbers of such outstanding 2027 FR Notes; and *provided, further*, that no additional 2027 FR Notes may be issued under the Indenture if an Event of Default has occurred and remains uncured thereunder. The Company is issuing the Initial 2027 FR Notes in an aggregate original principal amount of \$750,000,000.

3. Maturity:

Final maturity of the 2027 FR Notes shall be April 28, 2027.

4. Interest:

a. Rate

The 2027 FR Notes shall bear interest at a floating rate, reset quarterly on each Floating Rate Interest Payment Date (as defined below), equal to Compounded SOFR (as defined below), plus 43 basis points. The interest rate for the initial interest period (as defined below) will be Compounded SOFR determined on July 24, 2025, plus 43 basis points. Thereafter, the interest rate for any interest period (as defined below) will be Compounded SOFR, as determined on the applicable date that is the second U.S. Government Securities Business Day (as defined below) preceding such Floating Rate Interest Payment Date (the “Interest Determination Date”), plus 43 basis points. In no event will the interest on the 2027 FR Notes be less than zero. Interest on the 2027 FR Notes will accrue from and including the most recent Floating Rate Interest Payment Date or, if no interest has been paid, from April 28, 2025.

b. Payment Dates

Interest shall be payable on the 2027 FR Notes quarterly in arrears on January 28, April 28, July 28 and October 28 of each year, commencing on July 28, 2025, and at Maturity (each a “Floating Rate Interest Payment Date”) to holders of record as of the close of business on the date that is 15 calendar days prior to each Floating Rate Interest Payment Date. If January 28, April 28, July 28 or October 28 of any year is not a business day, then the next succeeding business day will be the applicable Floating Rate Interest Payment Date and interest on the 2027 FR Notes will be paid on such next succeeding business day (unless such next succeeding business day falls in the succeeding calendar month, in which case the applicable Floating Rate Interest Payment Date will be the business day immediately preceding such January 28, April 28, July 28 or October 28, and interest on the 2027 FR Notes will be paid on such immediately preceding business day). If the maturity date of the 2027 FR Notes is not a business day, then the payment of principal of, and interest on, the 2027 FR Notes will be made on the next succeeding business day and no interest will accrue for the period from and after the maturity date.

c. Interest Rate Determination and Interest Calculation

The “initial interest period” means the period from and including April 28, 2025 to, but excluding, the first Floating Rate Interest Payment Date. Thereafter, each “interest period” means the period from and including a Floating Rate Interest Payment Date to, but excluding, the immediately succeeding Floating Rate Interest Payment Date (such succeeding Floating Rate Interest Payment Date, the “Latter Floating Rate Interest Payment Date”); provided that the final interest period for the 2027 FR Notes will be the period from and including the Floating Rate Interest Payment Date immediately preceding the maturity date of the 2027 FR Notes to, but excluding, the maturity date. Interest on the 2027 FR Notes will be computed on the basis of the actual number of days elapsed over a 360-day year.

The Bank of New York Mellon Trust Company, N.A., or its successor appointed by us, will act as calculation agent. The Company may change the calculation agent with respect to the 2027 FR Notes at any time without notice to the holders of the 2027 FR Notes. The interest rate and amount of interest to be paid on the 2027 FR Notes for each interest period will be determined by the calculation agent. All determinations made by the calculation agent shall, in the absence of manifest error, be conclusive for all purposes and binding on us and the holders of the 2027 FR Notes. So long as Compounded SOFR is required to be determined with respect to the 2027 FR Notes, there will at all times be a calculation agent. In the event that any then-acting calculation agent shall be unable or unwilling to act, or that such calculation agent shall fail to duly establish Compounded SOFR for any interest period, or that the Company proposes to remove such calculation agent, the Company will appoint another calculation agent.

The amount of interest accrued and payable on the 2027 FR Notes for each interest period will be equal to the product of (i) the outstanding principal amount of the 2027 FR Notes multiplied by (ii) the product of (A) the interest rate for the relevant interest period multiplied by (B) the quotient of the actual number of calendar days in such interest period divided by 360.

As used herein the following terms have the meanings assigned to them:

“Compounded SOFR” means, with respect to any interest period, the rate computed in accordance with the following formula set forth below (and the resulting percentage will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (e.g., 9.753973% (or .09753973) being rounded down to 9.75397% (or .0975397) and 9.753978% (or .09753978) being rounded up to 9.75398% (or .0975398)):

$$\left(\frac{SOFR\ Index_{End}}{SOFR\ Index_{Start}} - 1 \right) \times \left(\frac{360}{d_c} \right)$$

where:

“SOFR Index_{Start}” is the SOFR Index value for the day that is two U.S. Government Securities Business Days preceding the first date of the relevant interest period, which for the initial interest period shall be April 24, 2025;

“SOFR Index_{End}” is the SOFR Index value for the day that is two U.S. Government Securities Business Days preceding the Latter Floating Rate Interest Payment Date relating to such interest period; and

“ d_c ” is the actual number of calendar days from (and including) SOFR Index_{Start} to (but excluding) SOFR Index_{End} (the actual number of calendar days in the applicable Observation Period).

For purposes of determining Compounded SOFR, “SOFR Index” means, with respect to any U.S. Government Securities Business Day:

- (1) the SOFR Index value as published by the New York Federal Reserve as such index appears on the New York Federal Reserve’s Website at 3:00 p.m. (New York time) on such U.S. Government Securities Business Day (the “SOFR Determination Time”); provided that:
- (2) if a SOFR Index value does not so appear as specified in clause (1) above at the SOFR Determination Time, then:
 - (a) if a Benchmark Transition Event and its related Benchmark Replacement Date (each as defined below) has not occurred with respect to SOFR, then Compounded SOFR shall be the rate determined pursuant to the “SOFR Index Unavailable” provisions described below; or
 - (b) if a Benchmark Transition Event and its related Benchmark Replacement Date has occurred with respect to SOFR, then Compounded SOFR shall be the rate determined pursuant to the “Effect of a Benchmark Transition Event” provisions described below.

“New York Federal Reserve” means the Federal Reserve Bank of New York (or a successor administrator of the Secured Overnight Financing Rate).

“New York Federal Reserve’s Website” means the website of the New York Federal Reserve, currently at <http://www.newyorkfed.org>, or any successor source.

“Observation Period” means, in respect of each interest period, the period from and including two U.S. Government Securities Business Days preceding the first date of such relevant interest period to but excluding two U.S. Government Securities Business Days preceding the Latter Floating Rate Interest Payment Date for such interest period; provided that the first Observation Period shall be the period from and including two U.S. Government Securities Business Days preceding the settlement date of the 2027 FR Notes, but excluding, the two U.S. Government Securities Business Days preceding the first Floating Rate Interest Payment Date.

“Secured Overnight Financing Rate” or “SOFR” means the daily secured overnight financing rate as provided by the New York Federal Reserve on the New York Federal Reserve’s Website.

“U.S. Government Securities Business Day” means any day except for a Saturday, Sunday or a day on which the Securities Industry and Financial Markets Association recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities.

5. SOFR Index Unavailable:

If a SOFR Index_{Start} or SOFR Index_{End} is not published on the associated Interest Determination Date and a Benchmark Transition Event and its related Benchmark Replacement Date have not occurred with respect to the Secured Overnight Financing Rate, “Compounded SOFR” means, for the applicable interest period for which such index is not available, the rate of return on a daily compounded interest investment calculated in accordance with the formula for SOFR Averages, and definitions required for such formula, published on the New York Federal Reserve’s Website at <https://www.newyorkfed.org/markets/treasury-repo-reference-rates-information>. For the purposes of this provision, references in the SOFR Averages compounding formula and related definitions to “calculation period” shall be replaced with “Observation Period” and the words “that is, 30-, 90- or 180- calendar days” shall be removed. If the daily Secured Overnight Financing Rate (“SOFR_i”) does not so appear for any day, “i” in the Observation Period, SOFR_i for such day “i” shall be SOFR published in respect of the first preceding U.S. Government Securities Business Day for which the Secured Overnight Financing Rate was published on the New York Federal Reserve’s Website.

6. Effect of a Benchmark Transition Event:

If the Company or its designee determines on or prior to the relevant Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to the then-current Benchmark, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to the 2027 FR Notes in respect of all determinations on such date and for all determinations on all subsequent dates. In connection with the implementation of a Benchmark

Replacement, the Company or its designee will have the right to make Benchmark Replacement Conforming Changes from time to time. Any determination, decision or election that may be made by the Company or its designee pursuant to this section, including a determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection:

- (1) will be conclusive and binding absent manifest error;
- (2) if made by the Company, will be made in its sole discretion;
- (3) if made by the Company's designee, will be made after consultation with the Company, and such designee will not make any such determination, decision or election to which the Company objects; and
- (4) notwithstanding anything to the contrary in the documentation relating to the 2027 FR Notes, shall become effective without consent from the holders of the 2027 FR Notes or any other party.

As used herein the following terms have the meanings assigned to them:

"Benchmark" means, initially, Compounded SOFR, as such term is defined above; provided that if the Company or its designee determines on or prior to the Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to Compounded SOFR (or the published daily SOFR Index used in the calculation thereof) or the then-current Benchmark, then "Benchmark" means the applicable Benchmark Replacement.

"Benchmark Replacement" means the first alternative set forth in the order below that can be determined by the Company or its designee as of the Benchmark Replacement Date:

- (1) the sum of (a) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark and (b) the Benchmark Replacement Adjustment;
- (2) the sum of (a) the ISDA Fallback Rate and (b) the Benchmark Replacement Adjustment; or
- (3) the sum of (a) the alternate rate of interest that has been selected by the Company or its designee as the replacement for the then-current Benchmark giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for U.S. dollar-denominated floating rate notes at such time and (b) the Benchmark Replacement Adjustment.

“Benchmark Replacement Adjustment” means the first alternative set forth in the order below that can be determined by the Company or its designee as of the Benchmark Replacement Date:

- (1) the spread adjustment, or method for calculating or determining such spread adjustment (which may be a positive or negative value or zero), that has been selected or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;
- (2) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, the ISDA Fallback Adjustment; or
- (3) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Company or its designee giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark with the applicable Unadjusted Benchmark Replacement for U.S. dollar-denominated floating rate notes at such time.

“Benchmark Replacement Conforming Changes” means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the definition of the interest period, timing and frequency of determining rates and making payments of interest, rounding of amounts or tenors and other administrative matters) that the Company or its designee decides may be appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if the Company or its designee decides that adoption of any portion of such market practice is not administratively feasible or if the Company or its designee determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Company or its designee determines is reasonably necessary).

“Benchmark Replacement Date” means the earliest to occur of the following events with respect to the then-current Benchmark (including the daily published component used in the calculation thereof):

-
- (1) in the case of clause (1) or (2) of the definition of “Benchmark Transition Event,” the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the Benchmark permanently or indefinitely ceases to provide the Benchmark (or such component); or
 - (2) in the case of clause (3) of the definition of “Benchmark Transition Event,” the date of the public statement or publication of information referenced therein.

For the avoidance of doubt, if the event that gives rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination.

For the avoidance of doubt, for purposes of the definitions of Benchmark Replacement Date and Benchmark Transition Event, references to Benchmark also include any reference rate underlying such Benchmark.

“Benchmark Transition Event” means the occurrence of one or more of the following events with respect to the then-current Benchmark (including the daily published component used in the calculation thereof):

- (1) a public statement or publication of information by or on behalf of the administrator of the Benchmark (or such component) announcing that such administrator has ceased or will cease to provide the Benchmark (or such component), permanently or indefinitely; provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component);
- (2) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark (or such component), the central bank for the currency of the Benchmark (or such component), an insolvency official with jurisdiction over the administrator for the Benchmark (or such component), a resolution authority with jurisdiction over the administrator for the Benchmark (or such component) or a court or an entity with similar insolvency or resolution authority over the administrator for the Benchmark, which states that the administrator of the Benchmark (or such component) has ceased or will cease to provide the Benchmark (or such component) permanently or indefinitely; provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component); or

-
- (3) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative.

“ISDA Definitions” means the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. or any successor thereto, as amended or supplemented from time to time, or any successor definitional booklet for interest rate derivatives published from time to time.

“ISDA Fallback Adjustment” means the spread adjustment (which may be a positive or negative value or zero) that would apply for derivatives transactions referencing the ISDA Definitions to be determined upon the occurrence of an index cessation event with respect to the Benchmark.

“ISDA Fallback Rate” means the rate that would apply for derivatives transactions referencing the ISDA Definitions to be effective upon the occurrence of an index cessation date with respect to the Benchmark for the applicable tenor excluding the applicable ISDA Fallback Adjustment.

“Reference Time” with respect to any determination of the Benchmark means (1) if the Benchmark is Compounded SOFR, the SOFR Determination Time, and (2) if the Benchmark is not Compounded SOFR, the time determined by the Company or its designee after giving effect to the Benchmark Replacement Conforming Changes.

“Relevant Governmental Body” means the Federal Reserve Board and/or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York or any successor thereto.

“Unadjusted Benchmark Replacement” means the Benchmark Replacement excluding the Benchmark Replacement Adjustment.

None of the Trustee, the paying agent or the calculation agent shall be under any obligation (i) to monitor, determine or verify the unavailability or cessation of SOFR or the SOFR Index, or whether or when there has occurred, or to give notice to any other transaction party of the occurrence of, any Benchmark Transition Event or related Benchmark Replacement Date, (ii) to select, determine or designate any Benchmark Replacement, or other successor or replacement benchmark index, or whether any conditions to the designation of such a rate or index have been satisfied, or (iii) to select, determine or designate any Benchmark Replacement Adjustment, or other modifier to any replacement or successor index, or (iv) to determine whether or what Benchmark Replacement Conforming Changes are necessary or advisable, if any, in connection with any of the foregoing, including, but not limited to, adjustments as to any alternative spread thereon, the business day convention, interest determination dates or any

other relevant methodology applicable to such substitute or successor benchmark. If January 28, April 28, July 28 or October 28 of any year is not a business day, then the next succeeding business day will be the applicable Interest Payment Date and interest on the Notes will be paid on such next succeeding business day (unless such next succeeding business day falls in the succeeding calendar month, in which case the applicable Interest Payment Date will be the business day immediately preceding such January 28, April 28, July 28 or October 28, and interest on the Notes will be paid on such immediately preceding business day). The amount of interest accrued and payable on the Notes for each interest period will be equal to the product of (i) the outstanding principal amount of the Notes multiplied by (ii) the product of (a) the interest rate for the relevant interest period multiplied by (b) the quotient of the actual number of calendar days in the Observation Period (as defined below) divided by 360.

The Bank of New York Mellon Trust Company, N.A., or its successor appointed by us, will act as calculation agent. So long as Compounded SOFR is required to be determined with respect to the Notes, there will at all times be a calculation agent. In the event that any then-acting calculation agent shall be unable or unwilling to act, or that such calculation agent shall fail to duly establish Compounded SOFR for any interest period, or that the Company proposes to remove such calculation agent, the Company will appoint another calculation agent.

Reference is made to the further provisions of this Note set forth on the succeeding sections hereof. Such further provisions shall for all purposes have the same effect as though fully set forth at this place.

FLOATING RATE NOTES DUE 2027

1. *Indenture; Notes.* This Note is one of a duly authorized Series of Securities of the Company designated as the “Floating Rate Notes Due 2027” (the “Notes”), initially issued in an aggregate principal amount of \$750,000,000 on April 28, 2025. Such Series of Securities has been established pursuant to, and is one of an indefinite number of Series of debt securities of the Company, issued or issuable under and pursuant to, the Indenture, dated as of July 19, 2005, by and between the Company, as Issuer, and The Bank of New York Mellon Trust Company, N.A., as Trustee (the “Trustee”), as supplemented and amended by the First Supplemental Indenture, dated as of December 1, 2006, the Second Supplemental Indenture, dated as of December 19, 2014, and the Third Supplemental Indenture, dated as of June 26, 2018, in each case, by and between the Company, as Issuer, and the Trustee (as so amended and supplemented, the “Indenture”), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the rights, limitations of rights, obligations, duties and immunities thereunder of the Trustee, the Company and the Holders of the Notes and of the terms upon which this Note is, and is to be, authenticated and delivered. The terms, conditions and provisions of the Notes are those stated in the Indenture, those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended, and those set forth in this Note. To the extent that the terms, conditions and other provisions of this Note modify, supplement or are inconsistent with those of the Indenture, then the terms, conditions and other provisions of this Note shall govern.

All capitalized terms which are used but not defined in this Note shall have the meanings assigned to them in the Indenture.

The Company may, without the consent of the Holders, create and issue additional Securities ranking equally with the Notes and otherwise identical in all respects (except for the public offering price, initial interest accrual date, initial Interest Payment Date, and the issue date) so that such additional Securities shall be consolidated and form a single Series with the Notes; *provided, however*, that any additional Securities that are not fungible with any then outstanding Notes for United States federal income tax purposes will be issued under CUSIP and ISIN numbers separate from the CUSIP and ISIN numbers of such outstanding Notes; and *provided, further*, that no additional Securities of any existing or new Series may be issued under the Indenture if an Event of Default has occurred and remains uncured thereunder.

2. *Interest Rate.* The rate at which interest shall accrue and be payable on the Notes shall be a floating rate, which for each interest period (as defined below) shall be equal to Compounded SOFR determined for that interest period plus forty-three (43) basis points. The interest rate for the initial interest period will be Compounded SOFR determined on July 24, 2025, plus 43 basis points. Thereafter, the interest rate for any interest period will be Compounded SOFR, as determined on the applicable date that is the second U.S. Government Securities Business Day (as defined below) preceding such Interest Payment Date (the “Interest Determination Date”), plus 43 basis points.

The “initial interest period” means the period from and including April 28, 2025 to, but excluding, the first Interest Payment Date. Thereafter, each “interest period” means the period from and including a Interest Payment Date to, but excluding, the immediately succeeding Payment Date (such succeeding Interest Payment Date, the “Latter Interest Payment Date”); provided that the final interest period for the Notes will be the period from and including the Interest Payment Date immediately preceding the maturity date of the Notes to, but excluding, the maturity date. Interest on the Notes will be computed on the basis of the actual number of days elapsed over a 360-day year.

The Bank of New York Mellon Trust Company, N.A., or its successor appointed by us, will act as calculation agent. The Company may change the calculation agent with respect to the Notes at any time without notice to the holders of the Notes. The interest rate and amount of interest to be paid on the Notes for each interest period will be determined by the calculation agent. All determinations made by the calculation agent shall, in the absence of manifest error, be conclusive for all purposes and binding on us and the holders of the Notes.

The amount of interest accrued and payable on the Notes for each interest period will be equal to the product of (i) the outstanding principal amount of the Notes multiplied by (ii) the product of (a) the interest rate for the relevant interest period multiplied by (b) the quotient of the actual number of calendar days in such interest period divided by 360.

As used herein the following terms have the meanings assigned to them:

“Compounded SOFR” means, with respect to any interest period, the rate computed in accordance with the following formula set forth below (and the resulting percentage will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (e.g., 9.753973% (or .09753973) being rounded down to 9.75397% (or .0975397) and 9.753978% (or .09753978) being rounded up to 9.75398% (or .0975398)):

$$\left(\frac{SOFR\ Index_{End}}{SOFR\ Index_{Start}} - 1 \right) \times \left(\frac{360}{d_c} \right)$$

where:

“SOFR Index_{Start}” is the SOFR Index value for the day that is two U.S. Government Securities Business Days preceding the first date of the relevant interest period, which for the initial interest period shall be April 24, 2025;

“SOFR Index_{End}” is the SOFR Index value for the day that is two U.S. Government Securities Business Days preceding the Latter Interest Payment Date relating to such interest period; and

“d_c” is the actual number of calendar days from (and including) SOFR Index_{Start} to (but excluding) SOFR Index_{End} (the actual number of calendar days in the applicable Observation Period).

For purposes of determining Compounded SOFR, “SOFR Index” means, with respect to any U.S. Government Securities Business Day:

(1) the SOFR Index value as published by the New York Federal Reserve as such index appears on the New York Federal Reserve’s Website at 3:00 p.m. (New York time) on such U.S. Government Securities Business Day (the “SOFR Determination Time”); provided that:

(2) if a SOFR Index value does not so appear as specified in clause (1) above at the SOFR Determination Time, then:

(i) if a Benchmark Transition Event and its related Benchmark Replacement Date (each as defined below) has not occurred with respect to SOFR, then Compounded SOFR shall be the rate determined pursuant to the “SOFR Index Unavailable” provisions described below; or

(ii) if a Benchmark Transition Event and its related Benchmark Replacement Date has occurred with respect to SOFR, then Compounded SOFR shall be the rate determined pursuant to the “Effect of a Benchmark Transition Event” provisions described below.

“New York Federal Reserve” means the Federal Reserve Bank of New York (or a successor administrator of the Secured Overnight Financing Rate).

“New York Federal Reserve’s Website” means the website of the New York Federal Reserve, currently at <http://www.newyorkfed.org>, or any successor source.

“Observation Period” means, in respect of each interest period, the period from and including two U.S. Government Securities Business Days preceding the first date of such relevant interest period to but excluding two U.S. Government Securities Business Days preceding the Latter Interest Payment Date for such interest period; provided that the first Observation Period shall be the period from and including two U.S. Government Securities Business Days preceding the settlement date of the Notes, but excluding, the two U.S. Government Securities Business Days preceding the first Interest Payment Date.

“Secured Overnight Financing Rate” or “SOFR” means the daily secured overnight financing rate as provided by the New York Federal Reserve on the New York Federal Reserve’s Website.

“U.S. Government Securities Business Day” means any day except for a Saturday, Sunday or a day on which the Securities Industry and Financial Markets Association recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities.

If a SOFR Index_{Start} or SOFR Index_{End} is not published on the associated Interest Determination Date and a Benchmark Transition Event and its related Benchmark Replacement Date have not occurred with respect to the Secured Overnight Financing Rate, “Compounded SOFR” means, for the applicable interest period for which such index is not available, the rate of

return on a daily compounded interest investment calculated in accordance with the formula for SOFR Averages, and definitions required for such formula, published on the New York Federal Reserve's Website at <https://www.newyorkfed.org/markets/treasury-repo-reference-rates-information>. For the purposes of this provision, references in the SOFR Averages compounding formula and related definitions to "calculation period" shall be replaced with "Observation Period" and the words "that is, 30-, 90-, or 180- calendar days" shall be removed. If the daily Secured Overnight Financing Rate ("SOFRi") does not so appear for any day, "i" in the Observation Period, SOFRi for such day "i" shall be SOFR published in respect of the first preceding U.S. Government Securities Business Day for which the Secured Overnight Financing Rate was published on the New York Federal Reserve's Website.

If the Company or its designee determines on or prior to the relevant Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to the then-current Benchmark, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to the Notes in respect of all determinations on such date and for all determinations on all subsequent dates. In connection with the implementation of a Benchmark Replacement, the Company or its designee will have the right to make Benchmark Replacement Conforming Changes from time to time. Any determination, decision or election that may be made by the Company or its designee pursuant to this section, including a determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection:

- (1) will be conclusive and binding absent manifest error;
- (2) if made by the Company, will be made in its sole discretion;
- (3) if made by the Company's designee, will be made after consultation with the Company, and such designee will not make any such determination, decision or election to which the Company objects; and
- (4) notwithstanding anything to the contrary in the documentation relating to the Notes, shall become effective without consent from the holders of the Notes or any other party.

As used herein the following terms have the meanings assigned to them:

"Benchmark" means, initially, Compounded SOFR, as such term is defined above; provided that if the Company or its designee determines on or prior to the Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to Compounded SOFR (or the published daily SOFR Index used in the calculation thereof) or the then-current Benchmark, then "Benchmark" means the applicable Benchmark Replacement.

"Benchmark Replacement" means the first alternative set forth in the order below that can be determined by the Company or its designee as of the Benchmark Replacement Date:

- (1) the sum of (a) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark and (b) the Benchmark Replacement Adjustment;

(2) the sum of (a) the ISDA Fallback Rate and (b) the Benchmark Replacement Adjustment; or

(3) the sum of (a) the alternate rate of interest that has been selected by the Company or its designee as the replacement for the then-current Benchmark giving due consideration to any industry-accepted rate of interest as a replacement for the then-current Benchmark for U.S. dollar-denominated floating rate notes at such time and (b) the Benchmark Replacement Adjustment.

“Benchmark Replacement Adjustment” means the first alternative set forth in the order below that can be determined by the Company or its designee as of the Benchmark Replacement Date:

(1) the spread adjustment, or method for calculating or determining such spread adjustment (which may be a positive or negative value or zero), that has been selected or recommended by the Relevant Governmental Body for the applicable Unadjusted Benchmark Replacement;

(2) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, the ISDA Fallback Adjustment; or

(3) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Company or its designee giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark with the applicable Unadjusted Benchmark Replacement for U.S. dollar-denominated floating rate notes at such time.

“Benchmark Replacement Conforming Changes” means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the definition of the interest period, timing and frequency of determining rates and making payments of interest, rounding of amounts or tenors and other administrative matters) that the Company or its designee decides may be appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if the Company or its designee decides that adoption of any portion of such market practice is not administratively feasible or if the Company or its designee determines that no market practice for use of the Benchmark Replacement exists, in such other manner as the Company or its designee determines is reasonably necessary).

“Benchmark Replacement Date” means the earliest to occur of the following events with respect to the then-current Benchmark (including the daily published component used in the calculation thereof):

(1) in the case of clause (1) or (2) of the definition of “Benchmark Transition Event,” the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the Benchmark permanently or indefinitely ceases to provide the Benchmark (or such component); or

(2) in the case of clause (3) of the definition of “Benchmark Transition Event,” the date of the public statement or publication of information referenced therein.

For the avoidance of doubt, if the event that gives rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination.

For the avoidance of doubt, for purposes of the definitions of Benchmark Replacement Date and Benchmark Transition Event, references to Benchmark also include any reference rate underlying such Benchmark.

“Benchmark Transition Event” means the occurrence of one or more of the following events with respect to the then-current Benchmark (including the daily published component used in the calculation thereof):

(1) a public statement or publication of information by or on behalf of the administrator of the Benchmark (or such component) announcing that such administrator has ceased or will cease to provide the Benchmark (or such component), permanently or indefinitely; provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component);

(2) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark (or such component), the central bank for the currency of the Benchmark (or such component), an insolvency official with jurisdiction over the administrator for the Benchmark (or such component), a resolution authority with jurisdiction over the administrator for the Benchmark (or such component) or a court or an entity with similar insolvency or resolution authority over the administrator for the Benchmark, which states that the administrator of the Benchmark (or such component) has ceased or will cease to provide the Benchmark (or such component) permanently or indefinitely; provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component); or

(3) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative.

“ISDA Definitions” means the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. or any successor thereto, as amended or supplemented from time to time, or any successor definitional booklet for interest rate derivatives published from time to time.

“ISDA Fallback Adjustment” means the spread adjustment (which may be a positive or negative value or zero) that would apply for derivatives transactions referencing the ISDA Definitions to be determined upon the occurrence of an index cessation event with respect to the Benchmark.

“ISDA Fallback Rate” means the rate that would apply for derivatives transactions referencing the ISDA Definitions to be effective upon the occurrence of an index cessation date with respect to the Benchmark for the applicable tenor excluding the applicable ISDA Fallback Adjustment.

“Reference Time” with respect to any determination of the Benchmark means (1) if the Benchmark is Compounded SOFR, the SOFR Determination Time, and (2) if the Benchmark is not Compounded SOFR, the time determined by the Company or its designee after giving effect to the Benchmark Replacement Conforming Changes.

“Relevant Governmental Body” means the Federal Reserve Board and/or the Federal Reserve Bank of New York, or a committee officially endorsed or convened by the Federal Reserve Board and/or the Federal Reserve Bank of New York or any successor thereto.

“Unadjusted Benchmark Replacement” means the Benchmark Replacement excluding the Benchmark Replacement Adjustment.

None of the Trustee, the paying agent or the calculation agent shall be under any obligation (i) to monitor, determine or verify the unavailability or cessation of SOFR or the SOFR Index, or whether or when there has occurred, or to give notice to any other transaction party of the occurrence of, any Benchmark Transition Event or related Benchmark Replacement Date, (ii) to select, determine or designate any Benchmark Replacement, or other successor or replacement benchmark index, or whether any conditions to the designation of such a rate or index have been satisfied, or (iii) to select, determine or designate any Benchmark Replacement Adjustment, or other modifier to any replacement or successor index, or (iv) to determine whether or what Benchmark Replacement Conforming Changes are necessary or advisable, if any, in connection with any of the foregoing, including, but not limited to, adjustments as to any alternative spread thereon, the business day convention, interest determination dates or any other relevant methodology applicable to such substitute or successor benchmark. In connection with the foregoing, each of the Trustee, paying agent and calculation agent shall be entitled to conclusively rely on any determinations made by the Company or the Company’s designee without independent investigation, and none of the Trustee, paying agent or calculation agent will have any liability for actions taken at the Company’s direction in connection therewith.

None of the Trustee, the paying agent or the calculation agent shall be liable for any inability, failure or delay on its part to perform any of its duties set forth in the Indenture or the Notes as a result of the unavailability of SOFR, the SOFR index or other applicable Benchmark Replacement, including as a result of any failure, inability, delay, error or inaccuracy on the part of any other transaction party in providing any direction, instruction, notice or information required or contemplated by the terms of the Indenture or the Notes supplement and reasonably required for the performance of such duties. None of the Trustee, paying agent or calculation agent shall be responsible or liable for the Company’s actions or omissions, or for those of the Company’s designee, or for any failure or delay in the performance by the Company or the Company’s designee, nor shall any of the Trustee, paying agent or calculation agent be under any obligation to oversee or monitor the Company’s performance or that of the Company’s designee.

3. *Ranking.* The Notes shall constitute the senior unsecured debt obligations of the Company and shall rank equally in right of payment among themselves and with all other existing and future senior unsecured debt obligations of the Company.

4. *Payment of Overdue Amounts.* The Company shall pay interest on overdue principal and overdue installments of interest, if any, from time to time, calculated on the basis of the actual days for which interest is overdue and a year of 360 days, giving effect to the actual payment date for such overdue principal and overdue installments of interest, on demand at the interest rate borne by the Notes to the extent lawful.

5. *Place and Method of Payment.* The Company shall pay principal of and interest on the Notes at the office or agency of the Paying Agent (as defined in Section 14 hereof) in the Borough of Manhattan, The City of New York; provided, however, that at the option of the Company, the Company may pay interest by check mailed to the person entitled thereto at such person's address as it appears on the Registry for the Notes.

6. *Defeasance of the Notes.* Sections 11.02, 11.03 and 11.04 of the Indenture shall apply to the Notes.

7. *No Redemption or Sinking Fund.* The Notes are not redeemable and are not subject to a sinking fund.

8. *Amendment and Modification.* Article Nine of the Indenture contains provisions for the amendment or modification of the Indenture and the Notes without the consent of the Holders in certain circumstances and requiring the consent of Holders of not less than a majority in aggregate principal amount of the Notes and Securities of other Series that would be affected in certain other circumstances. However, the Indenture requires the consent of each Holder of the Notes and Securities of other Series that would be affected for certain specified amendments or modifications of the Indenture and the Notes. These provisions of the Indenture, which provide for, among other things, the execution of supplemental indentures, are applicable to the Notes.

9. *Event of Default; Acceleration of Maturity; Rescission and Annulment.* If an Event of Default with respect to the Notes shall occur and be continuing, then the aggregate principal amount of the Notes of this Series may be declared by either the Trustee or the Holders of not less than 25% in aggregate principal amount of the Notes of this Series then Outstanding to be, and, in certain cases, may automatically become, immediately due and payable in the manner, with the effect and subject to the conditions provided in the Indenture. The Indenture provides that, in the event of such an acceleration of the maturity of the Notes, the Holders of a majority in aggregate principal amount of all of the Notes of this Series then Outstanding, voting as a separate class, in accordance with the provisions of, and in the circumstances provided by, the Indenture, may rescind and annul such acceleration and its consequences with respect to all of the Notes.

10. *Absolute Obligation.* No reference herein to the Indenture and no provisions of the Notes or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of and interest on this Note at the place, at the time and in the coin or currency herein prescribed.

11. *Form and Denominations; Global Note; Definitive Notes.* The Notes are being issued in registered form without interest coupons in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The Notes are initially being issued in the form of one or more global notes (each, a “Global Note”), evidencing all or any portion of the Notes and registered in the name of The Depository Trust Company (the “Depository”) or its nominee (including their respective successors) as Depository under the Indenture. The Notes shall be issued in certificated form (each, a “Definitive Note”) only in the following limited circumstances: (a) the Depository is at any time unwilling or unable to continue as Depository or ceases to be a clearing agency registered under applicable law, and a successor depository is not appointed by the Company within 90 days after the Company receives such notice or becomes aware of such ineligibility; (b) the Company delivers to the Trustee a Company Order to the effect that this Note shall be exchangeable for Definitive Notes; or (c) an Event of Default has occurred and is continuing with respect to the Notes, in each such case this Note shall be exchangeable for Definitive Notes in an equal aggregate principal amount. Such Definitive Notes shall be registered in such name or names as the Depository shall instruct the Trustee.

12. *Registration, Transfer and Exchange.* As provided in the Indenture and subject to certain limitations therein set forth, the Company shall provide for the registration of the Notes and the transfer and exchange of the Notes, whether in global or definitive form. At the option of the Holders, at the offices of the Registrar (as defined in Section 14 hereof), or at any of such other offices or agencies as may be designated and maintained by the Company for such purpose pursuant to the provisions of the Indenture, and in the manner and subject to the limitations provided in the Indenture, but without the payment of any service charge, except for any transfer tax or other governmental charges imposed in connection therewith, the Notes may be transferred or exchanged for an equal aggregate principal amount of the Notes of like tenor and of other authorized denominations upon surrender and cancellation of the Notes upon any such transfer.

The Company, the Trustee and any agent of the Company or of the Trustee may deem and treat the Holder as the absolute owner of this Note (whether or not the Notes shall be overdue and notwithstanding any notation of ownership or other writing hereon), for the purpose of receiving payments hereon, or on account hereof, and for all other purposes, and neither the Company nor the Trustee nor any agent of the Company or of the Trustee shall be affected by any notice to the contrary. All such payments made to or upon the order of such Holder shall, to the extent of the amount or amounts paid, effectually satisfy and discharge liability for moneys payable on this Note.

Notwithstanding the preceding paragraphs of this Section 12, any registration of transfer or exchange of a Global Note shall be subject to the terms of the legend appearing on the initial page thereof.

13. *No Recourse Against Others.* No recourse under or upon any obligation, covenant or agreement of the Company arising under or set forth in the Notes or under the Indenture, or for any claim based thereon or otherwise in respect thereof, shall be had against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or of any successor corporation, either directly or through the Company or any successor corporation, whether by virtue of any constitution, statute or rule of law or by the enforcement of any assessment or penalty or otherwise, any and all such personal liability, either at common law or in equity or by constitution or statute, of, and any and all such rights and claims against, every such incorporator, stockholder, officer or director, as such, being, by the acceptance hereof and as part of the consideration for the issue hereof, expressly waived and released.

14. *Appointment of Agents.* The Bank of New York Mellon Trust Company, N. A. is hereby appointed (a) the registrar (the “Registrar”) for the purpose of registering the Notes and of effecting transfers and exchanges of the Notes pursuant to the Indenture and this Note; (b) the Paying Agent pursuant to Section 3.04 of the Indenture (the “Paying Agent”); and (c) as the calculation agent for the purposes of determining the Compounded SOFR Rate for each interest period and the amount of interest payable under this Note to the Holder with respect to each interest period.

15. *Notices.* If the Company is required to give notice to the Holders of the Notes pursuant to the terms of the Indenture, then it shall do so by the means and in the manner set forth in Section 1.06 of the Indenture.

16. *Separability.* In case any provision of the Indenture or the Notes shall, for any reason, be held to be invalid, illegal or unenforceable, then the validity, legality and enforceability of the remaining provisions thereof and hereof shall not in any way be affected or impaired thereby.

17. *GOVERNING LAW.* THE NOTES SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

4.100% NOTES DUE 2027

1. *Indenture; Notes.* This Note is one of a duly authorized Series of Securities of the Company designated as the “4.100% Notes Due 2027” (the “Notes”), initially issued in an aggregate principal amount of \$750,000,000 on April 28, 2025. Such Series of Securities has been established pursuant to, and is one of an indefinite number of Series of debt securities of the Company, issued or issuable under and pursuant to, the Indenture, dated as of July 19, 2005, by and between the Company, as Issuer, and The Bank of New York Mellon Trust Company, N.A., as Trustee (the “Trustee”), as supplemented and amended by the First Supplemental Indenture, dated as of December 1, 2006, the Second Supplemental Indenture, dated as of December 19, 2014, and the Third Supplemental Indenture, dated as of June 26, 2018, in each case, by and between the Company, as Issuer, and the Trustee (as so amended and supplemented, the “Indenture”), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the rights, limitations of rights, obligations, duties and immunities thereunder of the Trustee, the Company and the Holders of the Notes and of the terms upon which this Note is, and is to be, authenticated and delivered. The terms, conditions and provisions of the Notes are those stated in the Indenture, those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended, and those set forth in this Note. To the extent that the terms, conditions and other provisions of this Note modify, supplement or are inconsistent with those of the Indenture, then the terms, conditions and other provisions of this Note shall govern.

All capitalized terms which are used but not defined in this Note shall have the meanings assigned to them in the Indenture.

The Company may, without the consent of the Holders, create and issue additional Securities ranking equally with the Notes and otherwise identical in all respects (except for the public offering price, initial interest accrual date, initial Interest Payment Date, and the issue date) so that such additional Securities shall be consolidated and form a single Series with the Notes; *provided, however*, that any additional Securities that are not fungible with any then outstanding Notes for United States federal income tax purposes will be issued under CUSIP and ISIN numbers separate from the CUSIP and ISIN numbers of such outstanding Notes; and *provided, further*, that no additional Securities of any existing or new Series may be issued under the Indenture if an Event of Default has occurred and remains uncured thereunder.

2. *Ranking.* The Notes shall constitute the senior unsecured debt obligations of the Company and shall rank equally in right of payment among themselves and with all other existing and future senior unsecured debt obligations of the Company.

3. *Payment of Overdue Amounts.* The Company shall pay interest on overdue principal and overdue installments of interest, if any, from time to time, calculated on the basis of a 360-day year consisting of twelve 30-day months, giving effect to the actual payment date for such overdue principal and overdue installments of interest, on demand at the interest rate borne by the Notes to the extent lawful.

4. Redemption.

(a) *Make-Whole Redemption*. At any time prior to April 28, 2027 (the “Maturity Date”) the Notes shall be redeemable, as a whole or in part, at the option of the Company, at a redemption price equal to the greater of:

- (i) the sum of the present values of the Remaining Scheduled Payments (as defined below) less (ii) interest accrued to, but excluding, the redemption date, and,
- 100% of the principal amount of the Notes to be redeemed,

plus, in either case, any accrued and unpaid interest thereon to, but excluding, the redemption date.

“Remaining Scheduled Payments” means, with respect to the Notes, the remaining scheduled payments of the principal thereof to be redeemed and interest thereon that would be due after the related redemption date but for such redemption (assuming the Notes of such series matured on the Maturity Date).

In determining the present value of the Remaining Scheduled Payments, the Company shall discount such payments to the redemption date (assuming that the Notes matured on the Maturity Date) on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) using a discount rate equal to the Treasury Rate plus five (5) basis points (i.e., 0.05%).

“Treasury Rate” means, with respect to any redemption date, the yield determined by the Company in accordance with the following two paragraphs.

The Treasury Rate shall be determined by the Company after 4:15 p.m., New York City time (or after such time as yields on U.S. government securities are posted daily by the Board of Governors of the Federal Reserve System), on the third business day preceding the notice of the redemption based upon the yield or yields for the most recent day that appear after such time on such day in the most recent statistical release published by the Board of Governors of the Federal Reserve System designated as “Selected Interest Rates (Daily)—H.15” (or any successor designation or publication) (“H.15”) under the caption “U.S. government securities—Treasury constant maturities—Nominal” (or any successor caption or heading) (“H.15 TCM”). In determining the Treasury Rate, the Company shall select, as applicable: (1) the yield for the Treasury constant maturity on H.15 exactly equal to the period from the redemption date to the Maturity Date (the “Remaining Life”); or (2) if there is no such Treasury constant maturity on H.15 exactly equal to the Remaining Life, the two yields – one yield corresponding to the Treasury constant maturity on H.15 immediately shorter than and one yield corresponding to the Treasury constant maturity on H.15 immediately longer than the Remaining Life – and shall interpolate to the Maturity Date on a straight-line basis (using the actual number of days) using such yields and rounding the result to three decimal places; or (3) if there is no such Treasury constant maturity on H.15 shorter than or longer than the Remaining Life, the yield for the single Treasury constant maturity on H.15 closest to the Remaining Life. For purposes of this paragraph, the applicable Treasury constant maturity or maturities on H.15 shall be deemed to have a maturity date equal to the relevant number of months or years, as applicable, of such Treasury constant maturity from the redemption date.

If on the third business day preceding the notice of the redemption, H.15 TCM or any successor designation or publication is no longer published, the Company shall calculate the Treasury Rate based on the rate per annum equal to the semi-annual equivalent yield to maturity at 11:00 a.m., New York City time, on the second business day preceding such notice of the redemption of the United States Treasury security maturing on, or with a maturity that is closest to, the Maturity Date. If there is no United States Treasury security maturing on the Maturity Date but there are two or more United States Treasury securities with a maturity date equally distant from the Maturity Date, one with a maturity date preceding the Maturity Date and one with a maturity date following the Maturity Date, the Company shall select the United States Treasury security with a maturity date preceding the Maturity Date. If there are two or more United States Treasury securities maturing on the Maturity Date or two or more United States Treasury securities meeting the criteria of the preceding sentence, the Company shall select from among these two or more United States Treasury securities the United States Treasury security that is trading closest to par based upon the average of the bid and asked prices for such United States Treasury securities at 11:00 a.m., New York City time. In determining the Treasury Rate in accordance with the terms of this paragraph, the semi-annual yield to maturity of the applicable United States Treasury security shall be based upon the average of the bid and asked prices (expressed as a percentage of principal amount) at 11:00 a.m., New York City time, of such United States Treasury security, and rounded to three decimal places.

(b) *Redemption Procedures.* Any Notes to be redeemed by the Company shall be redeemed in accordance with the provisions of Article Four of the Indenture, including, without limitation, the requirement that any notice of redemption must be mailed or electronically delivered (or otherwise transmitted in accordance with the depository's procedures) to each registered holder of the Notes being redeemed at least 10 days but not more than 60 days prior to the redemption date. Unless the Company defaults in payment of the redemption price, on and after the redemption date interest will cease to accrue on the Notes or portions thereof called for redemption. The Company's actions and determinations in determining the redemption price shall be conclusive and binding for all purposes, absent manifest error.

In the case of a partial redemption, selection of the Notes for redemption will be made, in the case of a Global Note, in accordance with the policies and procedures of the Depository, or otherwise, by lot. No Notes of a principal amount of \$2,000 or less will be redeemed in part. If any Note is to be redeemed in part only, the notice of redemption that relates to the Note will state the portion of the principal amount of the Note to be redeemed. A new Note in a principal amount equal to the unredeemed portion of the Note will be issued in the name of the holder of the Note upon surrender for cancellation of the original Note. For so long as the Notes are held by the Depository (as defined in Section 11 hereof) (or another depository), the redemption of such Notes shall be done in accordance with the policies and procedures of the depository, which may be made on a pro rata pass-through distribution of principal basis.

5. *Place and Method of Payment.* The Company shall pay principal of and interest on the Notes at the office or agency of the Paying Agent (as defined in Section 14 hereof) in the Borough of Manhattan, The City of New York; *provided, however*, that at the option of the Company, the Company may pay interest by check mailed to the person entitled thereto at such person's address as it appears on the Registry for the Notes.

6. *Defeasance of the Notes.* Sections 11.02, 11.03 and 11.04 of the Indenture shall apply to the Notes.

7. *No Sinking Fund.* The Notes are not subject to a sinking fund.

8. *Amendment and Modification.* Article Nine of the Indenture contains provisions for the amendment or modification of the Indenture and the Notes without the consent of the Holders in certain circumstances and requiring the consent of Holders of not less than a majority in aggregate principal amount of the Notes and Securities of other Series that would be affected in certain other circumstances. However, the Indenture requires the consent of each Holder of the Notes and Securities of other Series that would be affected for certain specified amendments or modifications of the Indenture and the Notes. These provisions of the Indenture, which provide for, among other things, the execution of supplemental indentures, are applicable to the Notes.

9. *Event of Default; Acceleration of Maturity; Rescission and Annulment.* If an Event of Default with respect to the Notes shall occur and be continuing, then the aggregate principal amount of the Notes of this Series may be declared by either the Trustee or the Holders of not less than 25% in aggregate principal amount of the Notes of this Series then Outstanding to be, and, in certain cases, may automatically become, immediately due and payable in the manner, with the effect and subject to the conditions provided in the Indenture. The Indenture provides that, in the event of such an acceleration of the maturity of the Notes, the Holders of a majority in aggregate principal amount of all of the Notes of this Series then Outstanding, voting as a separate class, in accordance with the provisions of, and in the circumstances provided by, the Indenture, may rescind and annul such acceleration and its consequences with respect to all of the Notes.

10. *Absolute Obligation.* No reference herein to the Indenture and no provisions of the Notes or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of and interest on this Note at the place, at the time and in the coin or currency herein prescribed.

11. *Form and Denominations; Global Note; Definitive Notes.* The Notes are being issued in registered form without interest coupons in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The Notes are initially being issued in the form of one or more global notes (each, a “Global Note”), evidencing all or any portion of the Notes and registered in the name of The Depository Trust Company (the “Depository”) or its nominee (including their respective successors) as Depository under the Indenture. The Notes shall be issued in certificated form (each, a “Definitive Note”) only in the following limited circumstances: (a) the Depository is at any time unwilling or unable to continue as Depository or ceases to be a clearing agency registered under applicable law, and a successor depository is not appointed by the Company within 90 days after the Company receives such notice or becomes aware of such ineligibility; (b) the Company delivers to the Trustee a Company Order to the effect that this Note shall be exchangeable for Definitive Notes; or (c) an Event of Default has occurred and is continuing with respect to the Notes, in each such case this Note shall be exchangeable for Definitive Notes in an equal aggregate principal amount. Such Definitive Notes shall be registered in such name or names as the Depository shall instruct the Trustee.

12. *Registration, Transfer and Exchange.* As provided in the Indenture and subject to certain limitations therein set forth, the Company shall provide for the registration of the Notes and the transfer and exchange of the Notes, whether in global or definitive form. At the option of the Holders, at the offices of the Registrar (as defined in Section 14 hereof), or at any of such other offices or agencies as may be designated and maintained by the Company for such purpose pursuant to the provisions of the Indenture, and in the manner and subject to the limitations provided in the Indenture, but without the payment of any service charge, except for any transfer tax or other governmental charges imposed in connection therewith, the Notes may be transferred or exchanged for an equal aggregate principal amount of the Notes of like tenor and of other authorized denominations upon surrender and cancellation of the Notes upon any such transfer.

The Company, the Trustee and any agent of the Company or of the Trustee may deem and treat the Holder as the absolute owner of this Note (whether or not the Notes shall be overdue and notwithstanding any notation of ownership or other writing hereon), for the purpose of receiving payments hereon, or on account hereof, and for all other purposes, and neither the Company nor the Trustee nor any agent of the Company or of the Trustee shall be affected by any notice to the contrary. All such payments made to or upon the order of such Holder shall, to the extent of the amount or amounts paid, effectually satisfy and discharge liability for moneys payable on this Note.

Notwithstanding the preceding paragraphs of this Section 12, any registration of transfer or exchange of a Global Note shall be subject to the terms of the legend appearing on the initial page thereof.

13. *No Recourse Against Others.* No recourse under or upon any obligation, covenant or agreement of the Company arising under or set forth in the Notes or under the Indenture, or for any claim based thereon or otherwise in respect thereof, shall be had against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or of any successor corporation, either directly or through the Company or any successor corporation, whether by virtue of any constitution, statute or rule of law or by the enforcement of any assessment or penalty or otherwise, any and all such personal liability, either at common law or in equity or by constitution or statute, of, and any and all such rights and claims against, every such incorporator, stockholder, officer or director, as such, being, by the acceptance hereof and as part of the consideration for the issue hereof, expressly waived and released.

14. *Appointment of Agents.* The Bank of New York Mellon Trust Company, N. A. is hereby appointed (a) the registrar (the “Registrar”) for the purpose of registering the Notes and of effecting transfers and exchanges of the Notes pursuant to the Indenture and this Note and (b) the Paying Agent pursuant to Section 3.04 of the Indenture (the “Paying Agent”).

15. *Notices.* If the Company is required to give notice to the Holders of the Notes pursuant to the terms of the Indenture, then it shall do so by the means and in the manner set forth in Section 1.06 of the Indenture.

16. *Separability.* In case any provision of the Indenture or the Notes shall, for any reason, be held to be invalid, illegal or unenforceable, then the validity, legality and enforceability of the remaining provisions thereof and hereof shall not in any way be affected or impaired thereby.

17. *GOVERNING LAW.* THE NOTES SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

4.350% NOTES DUE 2030

1. *Indenture; Notes.* This Note is one of a duly authorized Series of Securities of the Company designated as the “4.350% Notes Due 2030” (the “Notes”), initially issued in an aggregate principal amount of \$1,000,000,000 on April 28, 2025. Such Series of Securities has been established pursuant to, and is one of an indefinite number of Series of debt securities of the Company, issued or issuable under and pursuant to, the Indenture, dated as of July 19, 2005, by and between the Company, as Issuer, and The Bank of New York Mellon Trust Company, N.A., as Trustee (the “Trustee”), as supplemented and amended by the First Supplemental Indenture, dated as of December 1, 2006, the Second Supplemental Indenture, dated as of December 19, 2014, and the Third Supplemental Indenture, dated as of June 26, 2018, in each case, by and between the Company, as Issuer, and the Trustee (as so amended and supplemented, the “Indenture”), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the rights, limitations of rights, obligations, duties and immunities thereunder of the Trustee, the Company and the Holders of the Notes and of the terms upon which this Note is, and is to be, authenticated and delivered. The terms, conditions and provisions of the Notes are those stated in the Indenture, those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended, and those set forth in this Note. To the extent that the terms, conditions and other provisions of this Note modify, supplement or are inconsistent with those of the Indenture, then the terms, conditions and other provisions of this Note shall govern.

All capitalized terms which are used but not defined in this Note shall have the meanings assigned to them in the Indenture.

The Company may, without the consent of the Holders, create and issue additional Securities ranking equally with the Notes and otherwise identical in all respects (except for the public offering price, initial interest accrual date, initial Interest Payment Date, and the issue date) so that such additional Securities shall be consolidated and form a single Series with the Notes; *provided, however*, that any additional Securities that are not fungible with any then outstanding Notes for United States federal income tax purposes will be issued under CUSIP and ISIN numbers separate from the CUSIP and ISIN numbers of such outstanding Notes; and *provided, further*, that no additional Securities of any existing or new Series may be issued under the Indenture if an Event of Default has occurred and remains uncured thereunder.

2. *Ranking.* The Notes shall constitute the senior unsecured debt obligations of the Company and shall rank equally in right of payment among themselves and with all other existing and future senior unsecured debt obligations of the Company.

3. *Payment of Overdue Amounts.* The Company shall pay interest on overdue principal and overdue installments of interest, if any, from time to time, calculated on the basis of a 360-day year consisting of twelve 30-day months, giving effect to the actual payment date for such overdue principal and overdue installments of interest, on demand at the interest rate borne by the Notes to the extent lawful.

4. Redemption.

(a) *Make-Whole Redemption.* At any time prior to the Par Call Date (as defined below) the Notes shall be redeemable, as a whole or in part, at the option of the Company, at a redemption price equal to the greater of:

- (i) the sum of the present values of the Remaining Scheduled Payments (as defined below) less (ii) interest accrued to, but excluding, the redemption date, and,
- 100% of the principal amount of the Notes to be redeemed,

plus, in either case, any accrued and unpaid interest thereon to, but excluding, the redemption date.

“Par Call Date” means March 28, 2030.

“Remaining Scheduled Payments” means, with respect to the Notes, the remaining scheduled payments of the principal thereof to be redeemed and interest thereon that would be due after the related redemption date but for such redemption (assuming the Notes of such series matured on the Par Call Date).

In determining the present value of the Remaining Scheduled Payments, the Company shall discount such payments to the redemption date (assuming that the Notes matured on the Par Call Date) on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) using a discount rate equal to the Treasury Rate plus ten (10) basis points (i.e., 0.10%).

“Treasury Rate” means, with respect to any redemption date, the yield determined by the Company in accordance with the following two paragraphs.

The Treasury Rate shall be determined by the Company after 4:15 p.m., New York City time (or after such time as yields on U.S. government securities are posted daily by the Board of Governors of the Federal Reserve System), on the third business day preceding the notice of the redemption based upon the yield or yields for the most recent day that appear after such time on such day in the most recent statistical release published by the Board of Governors of the Federal Reserve System designated as “Selected Interest Rates (Daily)—H.15” (or any successor designation or publication) (“H.15”) under the caption “U.S. government securities—Treasury constant maturities—Nominal” (or any successor caption or heading) (“H.15 TCM”). In determining the Treasury Rate, the Company shall select, as applicable: (1) the yield for the Treasury constant maturity on H.15 exactly equal to the period from the redemption date to the Par Call Date (the “Remaining Life”); or (2) if there is no such Treasury constant maturity on H.15 exactly equal to the Remaining Life, the two yields – one yield corresponding to the Treasury constant maturity on H.15 immediately shorter than and one yield corresponding to the Treasury constant maturity on H.15 immediately longer than the Remaining Life – and shall interpolate to the Par Call Date on a straight-line basis (using the actual number of days) using such yields and rounding the result to three decimal places; or (3) if there is no such Treasury constant maturity on H.15 shorter than or longer than the Remaining Life, the yield for the single Treasury constant maturity on H.15 closest to the Remaining Life. For purposes of this paragraph, the applicable Treasury constant maturity or maturities on H.15 shall be deemed to have a maturity date equal to the relevant number of months or years, as applicable, of such Treasury constant maturity from the redemption date.

If on the third business day preceding the notice of the redemption, H.15 TCM or any successor designation or publication is no longer published, the Company shall calculate the Treasury Rate based on the rate per annum equal to the semi-annual equivalent yield to maturity at 11:00 a.m., New York City time, on the second business day preceding such notice of the redemption of the United States Treasury security maturing on, or with a maturity that is closest to, the Par Call Date. If there is no United States Treasury security maturing on the Par Call Date but there are two or more United States Treasury securities with a maturity date equally distant from the Par Call Date, one with a maturity date preceding the Par Call Date and one with a maturity date following the Par Call Date, the Company shall select the United States Treasury security with a maturity date preceding the Par Call Date. If there are two or more United States Treasury securities maturing on the Par Call Date or two or more United States Treasury securities meeting the criteria of the preceding sentence, the Company shall select from among these two or more United States Treasury securities the United States Treasury security that is trading closest to par based upon the average of the bid and asked prices for such United States Treasury securities at 11:00 a.m., New York City time. In determining the Treasury Rate in accordance with the terms of this paragraph, the semi-annual yield to maturity of the applicable United States Treasury security shall be based upon the average of the bid and asked prices (expressed as a percentage of principal amount) at 11:00 a.m., New York City time, of such United States Treasury security, and rounded to three decimal places.

(b) *Par Call Redemption.* At any time on or after the Par Call Date, the Notes shall be redeemable, as a whole or in part, at the option of the Company, at a redemption price equal to 100% of the principal amount of the Notes to be redeemed, plus any accrued and unpaid interest to, but excluding, the redemption date.

(c) *Redemption Procedures.* Any Notes to be redeemed by the Company shall be redeemed in accordance with the provisions of Article Four of the Indenture, including, without limitation, the requirement that any notice of redemption must be mailed or electronically delivered (or otherwise transmitted in accordance with the depository's procedures) to each registered holder of the Notes being redeemed at least 10 days but not more than 60 days prior to the redemption date. Unless the Company defaults in payment of the redemption price, on and after the redemption date interest will cease to accrue on the Notes or portions thereof called for redemption. The Company's actions and determinations in determining the redemption price shall be conclusive and binding for all purposes, absent manifest error.

In the case of a partial redemption, selection of the Notes for redemption will be made, in the case of a Global Note, in accordance with the policies and procedures of the Depository, or otherwise, by lot. No Notes of a principal amount of \$2,000 or less will be redeemed in part. If any Note is to be redeemed in part only, the notice of redemption that relates to the Note will state the portion of the principal amount of the Note to be redeemed. A new Note in a principal amount equal to the unredeemed portion of the Note will be issued in the name of the holder of the Note upon surrender for cancellation of the original Note. For so long as the Notes are held by the Depository (as defined in Section 11 hereof) (or another depository), the redemption of such Notes shall be done in accordance with the policies and procedures of the depository, which may be made on a pro rata pass-through distribution of principal basis.

5. *Place and Method of Payment.* The Company shall pay principal of and interest on the Notes at the office or agency of the Paying Agent (as defined in Section 14 hereof) in the Borough of Manhattan, The City of New York; *provided, however*, that at the option of the Company, the Company may pay interest by check mailed to the person entitled thereto at such person's address as it appears on the Registry for the Notes.

6. *Defeasance of the Notes.* Sections 11.02, 11.03 and 11.04 of the Indenture shall apply to the Notes.

7. *No Sinking Fund.* The Notes are not subject to a sinking fund.

8. *Amendment and Modification.* Article Nine of the Indenture contains provisions for the amendment or modification of the Indenture and the Notes without the consent of the Holders in certain circumstances and requiring the consent of Holders of not less than a majority in aggregate principal amount of the Notes and Securities of other Series that would be affected in certain other circumstances. However, the Indenture requires the consent of each Holder of the Notes and Securities of other Series that would be affected for certain specified amendments or modifications of the Indenture and the Notes. These provisions of the Indenture, which provide for, among other things, the execution of supplemental indentures, are applicable to the Notes.

9. *Event of Default; Acceleration of Maturity; Rescission and Annulment.* If an Event of Default with respect to the Notes shall occur and be continuing, then the aggregate principal amount of the Notes of this Series may be declared by either the Trustee or the Holders of not less than 25% in aggregate principal amount of the Notes of this Series then Outstanding to be, and, in certain cases, may automatically become, immediately due and payable in the manner, with the effect and subject to the conditions provided in the Indenture. The Indenture provides that, in the event of such an acceleration of the maturity of the Notes, the Holders of a majority in aggregate principal amount of all of the Notes of this Series then Outstanding, voting as a separate class, in accordance with the provisions of, and in the circumstances provided by, the Indenture, may rescind and annul such acceleration and its consequences with respect to all of the Notes.

10. *Absolute Obligation.* No reference herein to the Indenture and no provisions of the Notes or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of and interest on this Note at the place, at the time and in the coin or currency herein prescribed.

11. *Form and Denominations; Global Note; Definitive Notes.* The Notes are being issued in registered form without interest coupons in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The Notes are initially being issued in the form of one or more global notes (each, a "Global Note"), evidencing all or any portion of the Notes and registered in the name of The Depository Trust Company (the "Depository") or its nominee (including their respective successors) as Depository under the Indenture. The Notes shall be issued in certificated form (each, a "Definitive Note") only in the following limited circumstances: (a) the Depository is at any time unwilling or unable to continue as Depository or ceases to be a clearing agency

registered under applicable law, and a successor depository is not appointed by the Company within 90 days after the Company receives such notice or becomes aware of such ineligibility; (b) the Company delivers to the Trustee a Company Order to the effect that this Note shall be exchangeable for Definitive Notes; or (c) an Event of Default has occurred and is continuing with respect to the Notes, in each such case this Note shall be exchangeable for Definitive Notes in an equal aggregate principal amount. Such Definitive Notes shall be registered in such name or names as the Depository shall instruct the Trustee.

12. *Registration, Transfer and Exchange.* As provided in the Indenture and subject to certain limitations therein set forth, the Company shall provide for the registration of the Notes and the transfer and exchange of the Notes, whether in global or definitive form. At the option of the Holders, at the offices of the Registrar (as defined in Section 14 hereof), or at any of such other offices or agencies as may be designated and maintained by the Company for such purpose pursuant to the provisions of the Indenture, and in the manner and subject to the limitations provided in the Indenture, but without the payment of any service charge, except for any transfer tax or other governmental charges imposed in connection therewith, the Notes may be transferred or exchanged for an equal aggregate principal amount of the Notes of like tenor and of other authorized denominations upon surrender and cancellation of the Notes upon any such transfer.

The Company, the Trustee and any agent of the Company or of the Trustee may deem and treat the Holder as the absolute owner of this Note (whether or not the Notes shall be overdue and notwithstanding any notation of ownership or other writing hereon), for the purpose of receiving payments hereon, or on account hereof, and for all other purposes, and neither the Company nor the Trustee nor any agent of the Company or of the Trustee shall be affected by any notice to the contrary. All such payments made to or upon the order of such Holder shall, to the extent of the amount or amounts paid, effectually satisfy and discharge liability for moneys payable on this Note.

Notwithstanding the preceding paragraphs of this Section 12, any registration of transfer or exchange of a Global Note shall be subject to the terms of the legend appearing on the initial page thereof.

13. *No Recourse Against Others.* No recourse under or upon any obligation, covenant or agreement of the Company arising under or set forth in the Notes or under the Indenture, or for any claim based thereon or otherwise in respect thereof, shall be had against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or of any successor corporation, either directly or through the Company or any successor corporation, whether by virtue of any constitution, statute or rule of law or by the enforcement of any assessment or penalty or otherwise, any and all such personal liability, either at common law or in equity or by constitution or statute, of, and any and all such rights and claims against, every such incorporator, stockholder, officer or director, as such, being, by the acceptance hereof and as part of the consideration for the issue hereof, expressly waived and released.

14. *Appointment of Agents.* The Bank of New York Mellon Trust Company, N. A. is hereby appointed (a) the registrar (the "Registrar") for the purpose of registering the Notes and of effecting transfers and exchanges of the Notes pursuant to the Indenture and this Note and (b) the Paying Agent pursuant to Section 3.04 of the Indenture (the "Paying Agent").

15. *Notices.* If the Company is required to give notice to the Holders of the Notes pursuant to the terms of the Indenture, then it shall do so by the means and in the manner set forth in Section 1.06 of the Indenture.

16. *Separability.* In case any provision of the Indenture or the Notes shall, for any reason, be held to be invalid, illegal or unenforceable, then the validity, legality and enforceability of the remaining provisions thereof and hereof shall not in any way be affected or impaired thereby.

17. *GOVERNING LAW.* THE NOTES SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

To the extent that the terms, conditions and other provisions of this Note modify, supplement or are inconsistent with those of the Indenture, then the terms, conditions and other provisions of this Note shall govern.

All capitalized terms which are used but not defined in this Note shall have the meanings assigned to them in the Indenture.

The Company may, without the consent of the Holders, create and issue additional Securities ranking equally with the Notes and otherwise identical in all respects (except for the public offering price, initial interest accrual date, initial Interest Payment Date, and the issue date) so that such additional Securities shall be consolidated and form a single Series with the Notes; *provided, however*, that any additional Securities that are not fungible with any then outstanding Notes for United States federal income tax purposes will be issued under CUSIP and ISIN numbers separate from the CUSIP and ISIN numbers of such outstanding Notes; and *provided, further*, that no additional Securities of any existing or new Series may be issued under the Indenture if an Event of Default has occurred and remains uncured thereunder.

2. *Ranking.* The Notes shall constitute the senior unsecured debt obligations of the Company and shall rank equally in right of payment among themselves and with all other existing and future senior unsecured debt obligations of the Company.

3. *Payment of Overdue Amounts.* The Company shall pay interest on overdue principal and overdue installments of interest, if any, from time to time, calculated on the basis of a 360-day year consisting of twelve 30-day months, giving effect to the actual payment date for such overdue principal and overdue installments of interest, on demand at the interest rate borne by the Notes to the extent lawful.

4. Redemption.

(a) *Make-Whole Redemption.* At any time prior to the Par Call Date (as defined below) the Notes shall be redeemable, as a whole or in part, at the option of the Company, at a redemption price equal to the greater of:

- (i) the sum of the present values of the Remaining Scheduled Payments (as defined below) less (ii) interest accrued to, but excluding, the redemption date, and,
- 100% of the principal amount of the Notes to be redeemed,

plus, in either case, any accrued and unpaid interest thereon to, but excluding, the redemption date.

“Par Call Date” means January 28, 2035.

“Remaining Scheduled Payments” means, with respect to the Notes, the remaining scheduled payments of the principal thereof to be redeemed and interest thereon that would be due after the related redemption date but for such redemption (assuming the Notes of such series matured on the Par Call Date).

In determining the present value of the Remaining Scheduled Payments, the Company shall discount such payments to the redemption date (assuming that the Notes matured on the Par Call Date) on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) using a discount rate equal to the Treasury Rate plus ten (10) basis points (i.e., 0.10%).

“Treasury Rate” means, with respect to any redemption date, the yield determined by the Company in accordance with the following two paragraphs.

The Treasury Rate shall be determined by the Company after 4:15 p.m., New York City time (or after such time as yields on U.S. government securities are posted daily by the Board of Governors of the Federal Reserve System), on the third business day preceding the notice of the redemption based upon the yield or yields for the most recent day that appear after such time on such day in the most recent statistical release published by the Board of Governors of the Federal Reserve System designated as “Selected Interest Rates (Daily)—H.15” (or any successor designation or publication) (“H.15”) under the caption “U.S. government securities—Treasury constant maturities—Nominal” (or any successor caption or heading) (“H.15 TCM”). In determining the Treasury Rate, the Company shall select, as applicable: (1) the yield for the Treasury constant maturity on H.15 exactly equal to the period from the redemption date to the Par Call Date (the “Remaining Life”); or (2) if there is no such Treasury constant maturity on H.15 exactly equal to the Remaining Life, the two yields – one yield corresponding to the Treasury constant maturity on H.15 immediately shorter than and one yield corresponding to the Treasury constant maturity on H.15 immediately longer than the Remaining Life – and shall interpolate to the Par Call Date on a straight-line basis (using the actual number of days) using such yields and rounding the result to three decimal places; or (3) if there is no such Treasury constant maturity on H.15 shorter than or longer than the Remaining Life, the yield for the single Treasury constant maturity on H.15 closest to the Remaining Life. For purposes of this paragraph, the applicable Treasury constant maturity or maturities on H.15 shall be deemed to have a maturity date equal to the relevant number of months or years, as applicable, of such Treasury constant maturity from the redemption date.

If on the third business day preceding the notice of the redemption, H.15 TCM or any successor designation or publication is no longer published, the Company shall calculate the Treasury Rate based on the rate per annum equal to the semi-annual equivalent yield to maturity at 11:00 a.m., New York City time, on the second business day preceding such notice of the redemption of the United States Treasury security maturing on, or with a maturity that is closest to, the Par Call Date. If there is no United States Treasury security maturing on the Par Call Date but there are two or more United States Treasury securities with a maturity date equally distant from the Par Call Date, one with a maturity date preceding the Par Call Date and one with a maturity date following the Par Call Date, the Company shall select the United States Treasury security with a maturity date preceding the Par Call Date. If there are two or more United States Treasury securities maturing on the Par Call Date or two or more United States Treasury securities meeting the criteria of the preceding sentence, the Company shall select from among these two or more United States Treasury securities the United States Treasury security that is trading closest to par based upon the average of the bid and asked prices for such United States Treasury securities at 11:00 a.m., New York City time. In determining the Treasury Rate in accordance with the terms of this paragraph, the semi-annual yield to maturity of the applicable United States Treasury security shall be based upon the average of the bid and asked prices (expressed as a percentage of principal amount) at 11:00 a.m., New York City time, of such United States Treasury security, and rounded to three decimal places.

(b) *Par Call Redemption.* At any time on or after the Par Call Date, the Notes shall be redeemable, as a whole or in part, at the option of the Company, at a redemption price equal to 100% of the principal amount of the Notes to be redeemed, plus any accrued and unpaid interest to, but excluding, the redemption date.

(c) *Redemption Procedures.* Any Notes to be redeemed by the Company shall be redeemed in accordance with the provisions of Article Four of the Indenture, including, without limitation, the requirement that any notice of redemption must be mailed or electronically delivered (or otherwise transmitted in accordance with the depositary's procedures) to each registered holder of the Notes being redeemed at least 10 days but not more than 60 days prior to the redemption date. Unless the Company defaults in payment of the redemption price, on and after the redemption date interest will cease to accrue on the Notes or portions thereof called for redemption. The Company's actions and determinations in determining the redemption price shall be conclusive and binding for all purposes, absent manifest error.

In the case of a partial redemption, selection of the Notes for redemption will be made, in the case of a Global Note, in accordance with the policies and procedures of the Depositary, or otherwise, by lot. No Notes of a principal amount of \$2,000 or less will be redeemed in part. If any Note is to be redeemed in part only, the notice of redemption that relates to the Note will state the portion of the principal amount of the Note to be redeemed. A new Note in a principal amount equal to the unredeemed portion of the Note will be issued in the name of the holder of the Note upon surrender for cancellation of the original Note. For so long as the Notes are held by the Depositary (as defined in Section 11 hereof) (or another depositary), the redemption of such Notes shall be done in accordance with the policies and procedures of the depositary, which may be made on a pro rata pass-through distribution of principal basis.

5. *Place and Method of Payment.* The Company shall pay principal of and interest on the Notes at the office or agency of the Paying Agent (as defined in Section 14 hereof) in the Borough of Manhattan, The City of New York; *provided, however*, that at the option of the Company, the Company may pay interest by check mailed to the person entitled thereto at such person's address as it appears on the Registry for the Notes.

6. *Defeasance of the Notes.* Sections 11.02, 11.03 and 11.04 of the Indenture shall apply to the Notes.

7. *No Sinking Fund.* The Notes are not subject to a sinking fund.

8. *Amendment and Modification.* Article Nine of the Indenture contains provisions for the amendment or modification of the Indenture and the Notes without the consent of the Holders in certain circumstances and requiring the consent of Holders of not less than a majority in aggregate principal amount of the Notes and Securities of other Series that would be affected in certain other circumstances. However, the Indenture requires the consent of each Holder of the Notes and Securities of other Series that would be affected for certain specified amendments or modifications of the Indenture and the Notes. These provisions of the Indenture, which provide for, among other things, the execution of supplemental indentures, are applicable to the Notes.

9. *Event of Default; Acceleration of Maturity; Rescission and Annulment.* If an Event of Default with respect to the Notes shall occur and be continuing, then the aggregate principal amount of the Notes of this Series may be declared by either the Trustee or the Holders of not less than 25% in aggregate principal amount of the Notes of this Series then Outstanding to be, and, in certain cases, may automatically become, immediately due and payable in the manner, with the effect and subject to the conditions provided in the Indenture. The Indenture provides that, in the event of such an acceleration of the maturity of the Notes, the Holders of a majority in aggregate principal amount of all of the Notes of this Series then Outstanding, voting as a separate class, in accordance with the provisions of, and in the circumstances provided by, the Indenture, may rescind and annul such acceleration and its consequences with respect to all of the Notes.

10. *Absolute Obligation.* No reference herein to the Indenture and no provisions of the Notes or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of and interest on this Note at the place, at the time and in the coin or currency herein prescribed.

11. *Form and Denominations; Global Note; Definitive Notes.* The Notes are being issued in registered form without interest coupons in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The Notes are initially being issued in the form of one or more global notes (each, a "Global Note"), evidencing all or any portion of the Notes and registered in the name of The Depository Trust Company (the "Depository") or its nominee (including their respective successors) as Depository under the Indenture. The Notes shall be issued in certificated form (each, a "Definitive Note") only in the following limited circumstances: (a) the Depository is at any time unwilling or unable to continue as Depository or ceases to be a clearing agency

registered under applicable law, and a successor depository is not appointed by the Company within 90 days after the Company receives such notice or becomes aware of such ineligibility; (b) the Company delivers to the Trustee a Company Order to the effect that this Note shall be exchangeable for Definitive Notes; or (c) an Event of Default has occurred and is continuing with respect to the Notes, in each such case this Note shall be exchangeable for Definitive Notes in an equal aggregate principal amount. Such Definitive Notes shall be registered in such name or names as the Depository shall instruct the Trustee.

12. *Registration, Transfer and Exchange.* As provided in the Indenture and subject to certain limitations therein set forth, the Company shall provide for the registration of the Notes and the transfer and exchange of the Notes, whether in global or definitive form. At the option of the Holders, at the offices of the Registrar (as defined in Section 14 hereof), or at any of such other offices or agencies as may be designated and maintained by the Company for such purpose pursuant to the provisions of the Indenture, and in the manner and subject to the limitations provided in the Indenture, but without the payment of any service charge, except for any transfer tax or other governmental charges imposed in connection therewith, the Notes may be transferred or exchanged for an equal aggregate principal amount of the Notes of like tenor and of other authorized denominations upon surrender and cancellation of the Notes upon any such transfer.

The Company, the Trustee and any agent of the Company or of the Trustee may deem and treat the Holder as the absolute owner of this Note (whether or not the Notes shall be overdue and notwithstanding any notation of ownership or other writing hereon), for the purpose of receiving payments hereon, or on account hereof, and for all other purposes, and neither the Company nor the Trustee nor any agent of the Company or of the Trustee shall be affected by any notice to the contrary. All such payments made to or upon the order of such Holder shall, to the extent of the amount or amounts paid, effectually satisfy and discharge liability for moneys payable on this Note.

Notwithstanding the preceding paragraphs of this Section 12, any registration of transfer or exchange of a Global Note shall be subject to the terms of the legend appearing on the initial page thereof.

13. *No Recourse Against Others.* No recourse under or upon any obligation, covenant or agreement of the Company arising under or set forth in the Notes or under the Indenture, or for any claim based thereon or otherwise in respect thereof, shall be had against any incorporator, stockholder, officer or director, as such, past, present or future, of the Company or of any successor corporation, either directly or through the Company or any successor corporation, whether by virtue of any constitution, statute or rule of law or by the enforcement of any assessment or penalty or otherwise, any and all such personal liability, either at common law or in equity or by constitution or statute, of, and any and all such rights and claims against, every such incorporator, stockholder, officer or director, as such, being, by the acceptance hereof and as part of the consideration for the issue hereof, expressly waived and released.

14. *Appointment of Agents.* The Bank of New York Mellon Trust Company, N. A. is hereby appointed (a) the registrar (the "Registrar") for the purpose of registering the Notes and of effecting transfers and exchanges of the Notes pursuant to the Indenture and this Note and (b) the Paying Agent pursuant to Section 3.04 of the Indenture (the "Paying Agent").

15. *Notices.* If the Company is required to give notice to the Holders of the Notes pursuant to the terms of the Indenture, then it shall do so by the means and in the manner set forth in Section 1.06 of the Indenture.

16. *Separability.* In case any provision of the Indenture or the Notes shall, for any reason, be held to be invalid, illegal or unenforceable, then the validity, legality and enforceability of the remaining provisions thereof and hereof shall not in any way be affected or impaired thereby.

17. *GOVERNING LAW.* THE NOTES SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK.

In rendering this opinion, we have assumed, without independent investigation or verification, that: (i) each natural person signing any document reviewed by us had the legal capacity to do so; (ii) each person signing in a representative capacity (other than on behalf of the Company) had the authority to sign in such capacity; (iii) the Agreement has been duly authorized and validly executed and delivered by the parties thereto other than the Company; (iv) at or prior to the time of delivery of the Global Notes, the authorization of the Notes and of each series of notes of which the Notes are a part, including the Series Terms Certificates, will not have been modified or rescinded and there will not have occurred any change in law affecting the validity or enforceability of the Notes; (v) the Global Notes executed and delivered by the Company as contemplated herein will be identical in form to the forms of the Global

As to certain facts material to our opinion, we have made no independent investigation or verification of such facts and have relied, to the extent that we deem such reliance proper, upon certificates of public officials, the Company and officers or other representatives of the Company and the representations of the Company in the Agreement.

Based on the foregoing and subject to the qualifications set forth below, we are of the opinion that, upon the execution of the Global Notes, the authentication of the Global Notes in accordance with the terms of the Indenture and the delivery of the Global Notes against payment therefor in accordance with the Agreement, the Notes will constitute valid and binding obligations of the Company, enforceable against the Company in accordance with their terms, and will be entitled to the benefits of the Indenture.

The foregoing opinions are qualified to the extent that the enforceability of the Indenture, the Notes or any related document or instrument may be limited by or subject to the effects of bankruptcy, insolvency, moratorium, reorganization, liquidation, rearrangement, probate, conservatorship, fraudulent conveyance, fraudulent transfer or other similar laws (including court decisions) now or hereafter in effect relating to or affecting creditors' rights and remedies generally or providing for the relief of debtors, general principles of equity (regardless of whether such remedies are sought in a proceeding in equity or at law) or public policy.

We note that the enforceability of specific provisions of the Indenture and the Notes may be subject to (i) standards of reasonableness and "good faith" limitations and obligations such as those provided in the New York Uniform Commercial Code and similar applicable principles of common law and judicial decisions and (ii) the course of dealings between the parties, the usage of trade and similar provisions of common law and judicial decision.

We express no opinion as to the enforceability of the severability clauses in Section 1.11 of the Original Indenture, Section 5 of the First Supplemental Indenture, Section 5 of the Second Supplemental Indenture, Section 5 of the Third Supplemental Indenture or Section 16 of the Global Notes or any provision of the Indenture or the Global Notes that purports to waive or not give effect to rights to notice, defenses, subrogation or other rights or benefits that cannot

be effectively waived under applicable law, including Section 1.15 and Section 12.01 of the Original Indenture and Section 13 of each of the Global Notes. We express no opinion with respect to the enforceability of (i) the parenthetical clause in Section 8.07(i) of the Original Indenture relating to the limitations on the compensation of trustees or (ii) Section 12.01 of the Original Indenture and Section 13 of each of the Global Notes to the extent that either of those provisions purport to waive liability for violation of securities laws. We express no opinion as to any provision of the Indenture that purports to confer subject matter jurisdiction in respect of bringing suits, enforcement of judgments or otherwise on any federal court, to the extent such court does not otherwise have such jurisdiction.

The foregoing opinions are limited in all respects to matters under and governed by the federal laws of the United States of America, the laws of the State of New York and the General Corporation Law of the State of Delaware, as each is in force and effect as of the date of this opinion. We do not express any opinion as to the laws of any other jurisdiction.

We consent to the filing by you of this opinion as an exhibit to the Company's Current Report on Form 8-K to be filed with the Commission on the date hereof and the incorporation by reference of this opinion letter into the Registration Statement, and we further consent to the use of our name under the caption "Legal Matters" in the Prospectus Supplement. In giving this consent, we do not admit that we are included in the category of persons whose consent is required under Section 7 of the Securities Act or the rules and regulations of the Commission promulgated thereunder. This opinion is expressed as of the date hereof, and we disclaim any undertaking to advise you of any subsequent changes in the facts stated or assumed herein or any subsequent changes in law.

Very truly yours,
